Chapter 1
Introduction

Section I
Overview

1–1. Purpose
This regulation prescribes Army policy, criteria, and administrative instructions concerning individual military awards. Information on various civilian awards is found in AR 672–20. The goal of the total Army awards program is to foster mission accomplishment by recognizing excellence of both military and civilian members of the force and motivating them to high levels of performance and service.

1–2. References
Required and related publications and prescribed and referenced forms are listed in appendix A.

1–3. Explanation of abbreviations and terms
Abbreviations and special terms used in this regulation are explained in the glossary.

Section II
Responsibilities

1–4. The Deputy Chief of Staff for Personnel
The Deputy Chief of Staff for Personnel (DCSPER) will—

a. Serve as the Headquarters, Department of the Army (HQDA) policy proponent of the Army decorations, awards, and honors program.

b. Establish policy, procedures, and standards for matters concerning decorations, awards, and honors, and may make exceptions to this regulation and further delegate authority to make exceptions in accordance with the “Proponent and Exception Authority statement” in this regulation.

c. Exercise DA responsibility on all matters concerning military awards.

d. Serve as the senior Army official on matters concerning military awards.

1–5. The Commanding General, U.S. Total Army Personnel Command
The Commanding General (CG, PERSCOM), will conduct and supervise all military awards functions prescribed in this regulation. PERSCOM will act on behalf of DCSPER when so delegated and directed.

1–6. The Commandant, Adjutant General School
The Commandant, Adjutant General School, will ensure that the branch implements this regulation.

1–7. Major Army Commanders and Heads of Principal HQDA agencies
Major Army commanders (MACOMs) and heads of principal HQDA agencies will—

a. Initially and periodically remind all personnel of the prohibitions and requirements of chapter 9, pertaining to foreign decorations.

b. Designate a focal point where personnel may acquire advice and assistance on any questions relating to the application and implementation of chapter 9, pertaining to foreign decorations.

c. Announce accomplishments and competitions for which trophies and similar devices are to be presented.

d. Approve the trophies and similar devices to be awarded within their command or agency.

1–8. Principles of support
The Military Personnel System will direct a function to—

a. Enable commanders to recognize soldiers for valor, meritorious service, and achievement; and to document and record that recognition for historical purposes.

b. Recognize members of other military departments, foreign allies, and U.S. civil servants for their meritorious contributions to the Army’s success in mission accomplishment.

c. Recognize veterans and the primary next of kin of soldiers.

d. Support the Army’s personnel life-cycle function of sustainment.

1–9. Standards of service
a. Awards and decorations are—

(1) A wartime military personnel function.

(2) Defined in the tables of organization and equipment (TOE) (for example, the GI/AG) for the tactical force.

(3) Deployed with the tactical force.

(4) The functional responsibility of the Personnel Operations Work Center (and its tactical counterpart).

b. Recommended decorations will be expeditiously processed, and recorded in military orders and certificates by the final approving authority within 60 days.

c. Handwritten printed recommendations will be the norm for awards approved at the major general-level and below.

d. A final record of each recommendation and the resulting decision will be maintained for historical purposes.

e. Recipients of awards should receive presentation, award emblems and the elements (medal, certificate, and citation) before leaving an assignment or transition from active duty.

f. Commanders may use Award and Decoration Boards to advise them on appropriate levels of recognition. Use of these boards is optional.

Section IV
Manpower

1–10. Manpower resources
Manpower Staffing Standards System (MS3) recognizes the awards function as being the functional responsibility of the Awards Work Center of the Personnel Service Company (PSC). Manpower officials will use the workload factors (obtained from MS3) to determine the manpower authorizations.

1–11. Levels of work

a. Most personnel work in the field is performed at three primary levels: unit, battalion, and installation (or some equivalent in the tactical force). The focus of the guidance in this regulation is on those levels.

(1) Unit- and battalion-level work is straightforward as to where it is performed.

(2) Installation-level work is subdivided into work centers. This regulation identifies the work center required to perform the work for manpower purposes.

b. This regulation will typically address the following levels of work:

(1) Soldiers. This level of work begins with a soldier.

(2) Unit. This level of work is executed at battalion level.

(3) Battalion. This level of work is executed at battalion level.

(4) Command and staff (C&S). This level of work is executed in the chain of command (other than battalion). The specific C&S work center covered by this regulation is personnel plans and actions (PPA).

(5) Personnel support (PS). This level of work is executed in a personnel support organization. The specific PS work centers covered by this regulation are Officer Records (ORs), Enlisted and Flagged Records (ENRCs), and Personnel Actions Branch (PAB).
Section V
Policy, Precedence, and Information

1–12. Objective and implementation
a. The objective of the DA Military Awards Program is to provide tangible recognition for acts of valor, exceptional service or achievement, special skills or qualifications, and acts of heroism not involving actual combat.

b. Implementation of the provisions of this regulation is a command responsibility. Administrative procedures will ensure the prompt recognition of deserving soldiers.

1–13. Categories of individual awards
Individual awards are grouped into the following categories: Decorations, Good Conduct Medal, service medals, service ribbons, badges and tabs, and certificates and letters.

1–14. Time limitation
a. Except as indicated below, each recommendation for an award of a military decoration must be entered administratively into military channels within 2 years of the act, achievement, or service to be honored. (See para 1–15 for lost recommendations.)

b. To be fully effective, an award must be timely. Undue delay in submitting a recommendation may preclude its consideration. It is highly desirable that a recommendation be placed in military channels and acted upon as quickly as possible. If circumstances preclude submission of a completely documented recommendation, it is best to submit it as soon as possible and note that additional data will be submitted later. However, to ensure prompt recognition, interim awards should be considered and are encouraged as indicated in paragraph 1–19.

c. No military decoration, except the Purple Heart and as indicated in paragraphs d and e below, will be awarded more than 3 years after the act or period of service to be honored. (See para 1–15 for lost recommendations.)

d. These time limitations do not apply to retroactive and conversion awards made in confirmation of recognition of previously issued orders, letters, or certificates or in exchange of decorations hereinafter authorized.

e. In cases where it can be conclusively proven that formal submission of a recommendation for award was not made within the time limitations indicated in c above, because either the person recommending or the person being recommended was in a prisoner of war (POW), missing in action (MIA) or in a medically incapacitated status, award of the Silver Star or lesser decorations may be approved without regard to elapsed time since the act, achievement, or service occurred, that is to be honored.

f. Recommendations for award of U.S. Army decorations forwarded through command channels to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, for final action will be initiated sufficienty in advance to arrive in PERSCOM not less than 60 days before the desired presentation date.

1–15. Lost recommendations
If the Secretary of the Army determines that a statement setting forth the distinguished act, achievement, or service, and a recommendation for official recognition was made and supported by sufficient evidence within 2 years after the distinguished service, and that no award was made because the statement was lost, or through inadvertence the recommendation was not acted upon; he or she may, within 2 years after the date of the determination, award any appropriate military decoration, Numeral, or Oak Leaf Cluster in lieu thereof, to the person concerned (10 USC 3744). In each case, the proponent for an award provides the following to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471.

a. Conclusive evidence of the formal submission of the recommendation into military channels.

b. Conclusive evidence of the loss of the recommendation or the failure to act on the recommendation through inadvertence.

c. A copy of the original recommendation, or its substantive equivalent. As a minimum, the recommendation should be accompanied by statements, certificates, or affidavits corroborating the events or services involved. It is emphasized that the proponent must provide Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, with adequate information for Secretarial evaluation of the deed or service to determine if an award is to be made. The person signing a reconstructed award recommendation must be identified clearly in terms of his or her official relationship to the intended recipient at the time of the act or during the period of service to be recognized.

1–16. Character of service
a. Personal decorations. A medal will not be awarded or presented to any individual whose entire service subsequent to the time of the distinguished act, achievement, or service has not been honorable. The determination of “honorable” will be based on such honest and faithful service according to the standards of conduct, courage, and duty required by law and customs of the service of a member of the grade to whom the standard is applied. Commanders will ensure that—

(1) Individuals on whom favorable personnel actions have been suspended neither are recommended for nor receive awards during the period of the suspension. Exceptions to the above are listed in AR 600–8–2, paragraph 1–14.

(2) Other-than-honorable service subsequent to submission of the recommendation for an award is promptly reported to the awards approving authority with a recommendation for appropriate action.

b. Waiver for overweight. As an exception to a(1) above, a soldier who is flagged for overweight may be recommended for and presented an award based on valor, heroism, or for length of service retirement. (See AR 600–8–2.)

c. Badges. A badge will not be awarded to any person who, subsequent to qualification therefore, has been dismissed, dishonorably discharged, or convicted of desertion by court-martial.

1–17. Period of award
a. For meritorious service awards, the cited period is limited to the period of service during which the individual served under the recommending command, except in the case of retirement awards. (See para 1–21.) Meritorious service is characterized by distinguished service and performance above that normally expected, over a sustained period.

b. For meritorious achievement awards, the length of time is not a primary consideration; however, the act or achievement should have a clearly discernible beginning and ending date. Also, the speed of accomplishment of a time sensitive task could be an important factor in determining the value of the achievement or act.

c. For valor and heroism awards, the cited period is governed by the same standards stated in b above, the only difference is the manner and circumstances involved during the act.

1–18. Duplication of awards
a. Only one decoration will be awarded to an individual for the same act, achievement, or period of meritorious service.

b. The award of a decoration in recognition of a single act of heroism or meritorious achievement does not preclude an award for meritorious service at the termination of an assignment. Recommendations for award of a decoration for meritorious service will not refer to acts of heroism or meritorious achievements which have been previously recognized by award of a decoration.

c. Continuation of the same or similar type service already recognized by an award for meritorious service or achievement will not be the basis for a second award. If appropriate, an award may be made to include the extended period of service by superseding the earlier award, or the award previously made may be amended to incorporate the extended period of service.

1–19. Interim awards and awards of a lesser decoration
a. To ensure that a deserving act, achievement, or service receives recognition, the appropriate authority may promptly award a
suitable lesser military decoration pending final action on a recommenda-
tion for a higher award, except for retiring U.S. Army general 
officers. When a higher award is approved, the approving authority 
will revoke the interim award in the same orders published for the 
higher award. The decoration will be returned by the recipient, 
unless the higher award is approved posthumously, in which case
the next of kin will be permitted to retain both awards.

b. The authority taking final action may award the decoration 
recommended, award a lesser decoration (or consider the interim 
award as adequate recognition), or in the absence of an interim 
award, disapprove award of any decoration.

c. The Army Commendation Medal may be awarded by the ap-
propriate commander as an interim award in those cases involving 
heroism and for which a recommendation for the award of the 
Distinguished Flying Cross or the Soldier’s Medal has been 
submitted.

1–20. Succeeding awards
For each succeeding act or period of meritorious service or achieve-
ment that justifies the award of a decoration, an oak leaf cluster or 
numeral device will be awarded. The exception is when decorations 
are presented to foreigners and posthumous awards presented to 
ext of kin.

1–21. Recognition upon retirement
a. Period of service. Each individual approaching retirement may 
be considered for an appropriate decoration based on his or her 
grade, years of service, degree of responsibility, and manner of 
performance.

b. Service awards. Meritorious service awards may be awarded, 
upon retirement, which may include periods of service longer than 
that served in the recommending command. It is recommended that 
such periods be limited to the last 10 years of service. This is not to
imply that an extended period of service should be considered for 
every individual who retires. An extended period should only be 
considered in those cases where the length or nature of the individu-
al’s terminal assignment would not qualify him or her for an ap-
propriate award. It is neither necessary nor desirable to consider an 
extended period of service when the length and character of service 
of retirees in their terminal assignments would qualify them for an 
appropriate award.

1–22. Posthumous awards
a. Preparation of award elements. Orders for awards to individu-
als who are deceased at the time the award is approved will indicate 
that the award is being made posthumously. The engraved medal and 
certificate will not include the word posthumous. In cases where a 
soldier is posthumously promoted to a higher grade, both the certifi-
cate and orders should reflect the grade to which promoted.

b. Presentation of awards to next of kin. Presentation will be 
made to primary next of kin per procedures in paragraph 1–31. 
When presentation to next of kin cannot be made by the appropriate 
commander, a report listing the reasons the presentation could not be 
made, with the award orders, certificate and citation will be sub-
mitted.

c. Eligible classes of next of kin. Primary next of kin are, in order of 
predominance, surviving spouse, eldest child, father or mother, eld-
est brother or sister, or eldest grandchild. When it is determined by 
HQ, PERSCOM or the CG, U.S. Army Reserve Personnel Center, 
that medals will be issued posthumously to the primary next of kin, 
which is based on information in HQ, PERSCOM records, the same 
order of precedence will be used.

d. Duplicate issue of medals to the primary next of kin. Medals 
will be issued only to the primary next of kin to whom the original 
medals were issued but were inadvertently lost or destroyed.

e. Special provisions during periods of armed hostilities. During 
periods when members of the U.S. Army are engaged in combat 
against hostile forces, complete sets of decorations will be issued to 
the primary next of kin of personnel who die in the hostile fire zone 
or who die as the result of wounds received in the hostile fire zone. 
During such periods, a duplicate set of decorations may be issued, 
upon the request of the secondary next of kin of deceased personnel 
after the original set has been presented to the primary next of kin.

f. Posthumous presentation of a Numerical or Oak Leaf Cluster.
When an appurtenance is presented posthumously, it will be at-
tached to the appropriate medal, and the complete decoration consist-
ing of the medal and appurtenances will be presented to the next-
of-kin, rather than the appurtenance alone.

g. Posthumous award of badges. When an individual who has 
qualified for a badge dies before the award is made, the badge may 
be presented to the next of kin.

1–23. Conversion of awards
Awards of certain decorations as authorized in this regulation or 
later authorized will be made on the basis of existing letters, certifi-
cates, citations, and/or orders only on letter application by the indi-
vidual concerned to Commander, U.S. Army Reserve Personnel 
Center (ARPERCEN), ATTN: DARP-VSE–A, 9700 Page Boulevard, 
St. Louis, MO 63132–5200. Only those awards authorized in paragraphs 2–8, 3–9, 3–13, and 3–16 are categorized as conversion awards. If possible, the applicant for the conversion of an award 
should enclose the original or a copy of the documentation which he 
or she wishes to have considered, and furnish all possible details as
to time, place, and deed or service to assist in locating any copy or 
documentation which may have been recorded.

1–24. Recognition of Reserve Component members upon 
death, discharge, or transfer to the Retired Reserve
a. Policy. Appropriate recognition may be extended to members of 
the Army National Guard of the United States (ARNGUS) and the 
U.S. Army Reserve (USAR), not on active duty, who have distin-
guished themselves in the defense of the United States over a period of 
many years, often at personal expense, inconvenience, and hard-
ship, and those who by their acts or achievements have made major contributions to the Reserve Components. Members voluntarily 
electing discharge or transfer to the Retired Reserve prior to manda-
tory removal from an active Reserve status may also be considered.

b. Types of recognition. They are as follows:
(1) Members who are discharged or transferred to the Retired 
Reserve may be accorded appropriate recognition by—
(a) Farewell letters from commanding generals of the U.S. Army 
Reserve General Officer Commands (GOCOMs), State adjutants 
general and the CG, ARPERCEN.
(b) Letters of appreciation and commendation.
(c) Other awards as authorized in this regulation.
(2) Members who die while in an active Reserve status may be 
accorded recognition through their primary next of kin per (1)(b) 
and (c) above.

c. Criteria. The criteria in this regulation will be used to deter-
mine the type of recognition to be accorded. For this purpose, the 
member’s records will be reviewed by the CG, U.S. Army Reserve 
Command, GOCOM, State adjutant general, or CG, ARPERCEN, as 
appropriate.

(d) Farewell letters.
(1) After a USAR unit member has been informed of his or her 
pending mandatory discharge or eligibility for transfer to the Retired 
Reserve, a personal farewell letter will be prepared and signed by 
the commanding general of the respective U.S. Army Reserve Com-
mand. The CG, ARPERCEN, will prepare farewell letters to Re-
serve soldiers (except general officers) under his or her jurisdiction. 
Letters for all general officers will be prepared by HQDA.

(2) Letters will be limited in scope with a general statement 
concerning the member's release from an active Reserve status, and 
an expression of appreciation for past service. Mimeographed form 
letters may not be used, nor will there be included any forms related to 
administrative processing of the individual.

e. Ceremonies. Ceremonies will be conducted as appropriate and
according to Field Manual (FM)22–5 and this regulation. Additionally, the following will apply:

(1) When a general officer is to be honored, the civilian aide to the Secretary of the Army residing in the locality of the ceremony will be invited to attend as the personal representative of the Secretary. The senior Active Army officer present will serve as the official representative of the Army. As such, the representative will be the host both to the civilian aide and the general officer.

(2) Through existing liaison with State military authorities, official recognition and appreciation of the HQDA may be given to ARNGUS personnel upon removal from an active Reserve status, discharge, or death. State authorities concerned will conduct the ceremonies.

(3) When a USAR nonunit member requests a ceremony, CG, ARPERCEN, forwards the retirement documents and appropriate awards, if any, to the numbered armies in the continental United States (CONUSA) commander of the locale in which the member resides. The CONUSA commander arranges for appropriate ceremony and presentation of awards.

(4) In those cases where a USAR nonunit member does not desire a ceremony, CG, ARPERCEN, forwards the retirement documents and appropriate awards, if any, to the member.

f. Posthumous recognition. Posthumous recognition may be given to members who die while in an active Reserve status by presentation of an appropriate award to the primary next of kin or family member, CGs, U.S. Army Reserve Command, GOCOM, and ARPERCEN arrange ceremony with the next of kin or family member of deceased USAR personnel. If the deceased is a general officer, procedures in e(1) above will apply, with next of kin and family members in attendance, if appropriate.

1–25. Announcement of awards

a. Decorations and the Good Conduct Medal.

(1) Awards made by the President, the Secretary of Defense, and the Secretary of the Army will be announced in DA General Orders.

(2) Awards of decorations and the Good Conduct Medal made by principal HQDA officials will be announced in permanent orders.

(3) Awards of decorations and the Good Conduct Medal made according to delegated authority will be announced in permanent orders by the commanders authorized to make the awards.

b. Service medals and service ribbons. Service medals and service ribbons are administratively awarded to individuals who meet the qualifying criteria. Orders are not required.

c. Badges. Permanent awards of badges, except basic marksman-ship qualification badges, identification badges, and the Physical Fitness Badge will be announced in permanent orders by commanders authorized to make the award or permanent orders of HQDA.

1–26. Format, content, and distribution of orders

a. Format, content, and distribution of orders will conform to AR 310–10. Instructions for format, content, and distribution of orders for DA Form 638 (Recommendation for Award) are in chapter 3, section V.

b. In addition to the distribution specified in AR 310–10, one copy of all orders awarding the Flight Surgeon Badge will be forwarded to HQDA (DASG–HCZ), WASH DC 20310–2300.

c. One copy of all orders awarding Aviator Badges will be forwarded to Commander, PERSCOM, ATTN: TAPC–OPA–V, Alexandria, VA 22332–0400.

1–27. Announcement of revocation of awards

Revocation of awards will be announced in permanent orders.

1–28. Amendment of orders

a. Commanders are authorized to correct, by endorsement, minor errors (incorrect spelling of names, initials, social security numbers, erroneously numbered oak leaf clusters, and so forth) appearing on awards orders published by other commanders. Endorsements will be prepared according to AR 310–10, paragraph 1–20. Copies of such endorsements should be distributed as specified in that regulation.

b. When an error cannot be corrected by endorsement, it will be returned to the command which issued the erroneous order or, in the event that the command no longer exists, to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, for corrective action.

c. Requests for amendment that are forwarded to HQDA must be accompanied by all of the following documents:

(1) Copies of general or permanent orders and citations announcing all previous awards of the same decoration.

(2) Copies of general or permanent orders and citations announcing all individual U.S. military decorations for dates of action or service which overlap in time with the award to be corrected.

(3) Statement of concurrence or nonconcurrency (with comments) of the individual concerned when requesting revocation of general or permanent orders announcing an award. Such statement is also required when requesting amendment of general or permanent orders announcing an award when such an amendment reduces the number of awards to the individual (for example, amend Second Oak Leaf Cluster to read First Oak Leaf Cluster).

1–29. Revocation of personal decorations

a. Once an award has been presented, it may be revoked by the awarding authority if facts subsequently determined would have prevented original approval of the award had they been known at the time. Failure to be reassigned or separated as originally scheduled does not constitute grounds for revocation of an award which has been presented. The decision to revoke an award may not be delegated by the awarding authority. In making the decision, the awarding authority may consider a statement of concurrence or nonconcurrency (with comments) from the individual concerned. Upon revocation, the affected individual will be informed that he or she may appeal the revocation action through command channels to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, for final review. When desirable, the awarding authority may refer the revocation request to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, for appropriate action.

b. When the Bronze Star Medal has been awarded to an individual based upon award of the Combat Infantryman Badge during World War II, revocation of the Combat Infantryman Badge will result in revocation of the Bronze Star Medal. Revocation will be announced in permanent orders of local commanders citing this paragraph as authority.

1–30. Revocation of badges and the Special Forces Tab

a. Commanders authorized to award combat and special skill badges are authorized to revoke such awards. An award, once revoked, will not be reinstated except by Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, when fully justified.

b. Revocation of awards of badges will be announced in permanent orders, except that revocations which are automatically effected, as prescribed in this regulation, need not be announced in orders; see paragraphs c(1) through (9) below.

c. Award of badges may be revoked under any of the following conditions:

(1) An award of any combat and special skill badge will be automatically revoked on dismissal, dishonorable discharge, or conviction by courts-martial for desertion in wartime. Wartime is defined in the glossary.

(2) Any parachutist badge may be revoked when the awardee—

(a) Is punished under the Uniform Code of Military Justice (UCMJ) for refusal to participate in a parachute jump.

(b) Initiates action which results in termination of airborne status or withdrawal of any Career Management Field (CMF) 18 military occupational specialty (MOS), 180A or specialty skill identifier (SSI) 18A before he or she completes 36 cumulative months of airborne duty. Any parachutist badge with bronze star for a combat jump will be retained regardless of time on airborne status. Any
parachutist badge will be retained if the soldier is unable to complete 36 cumulative months of airborne duty through no fault of his or her own, for example, injury or reassignment under favorable conditions.

(3) The Parachute Rigger Badge may be revoked when the awardee—
(a) Has his or her Parachutist Badge revoked.
(b) Refuses an order to make a parachute jump with a parachute he or she packed.
(c) Initiates action which results in withdrawal of MOS 43E, 401A, or SSI 92D before he or she completes 36 months in a parachute position.

(4) Any Aviator Badge may be revoked when HQDA has approved the findings of a Flight Evaluation Board that the awardee was guilty of—
(a) Cowardice, refusal to fly, fear of flying, or fear of combat.
(b) An act constituting a flagrant violation of flying regulations.

(5) Any Aircraft Crewman Badge may be revoked by a commander who has authority to make the award upon his or her determination that the awardee was guilty of—
(a) Cowardice, refusal to fly, fear of flying, or fear of combat.
(b) Negligence in the performance of assigned aeronautical duties.

(6) Any Explosive Ordnance Disposal Badge may be revoked when the awardee—
(a) Is convicted by court-martial for refusal to participate in explosive ordnance disposal operations.

(7) Any Air Assault Badge may be revoked by the awarding authority (para 8–23) based upon the determination that an assigned or attached individual has failed to maintain prescribed standards of personal fitness and readiness to accomplish Air Assault missions. Requests for revocation of an Air Assault Badge awarded to individuals no longer assigned or attached to the awarding authority’s command will be forwarded through command channels to Commander, PERSCOM, ATTN:TAPC–PDA, 200 Stovall Street, Alexandria, VA 22332–0471. These cases will be limited to those where it has been determined that an awardee was guilty of cowardice, refusal to fly in a tactical exercise or gross negligence in the performance of Air Assault duties.

(8) Special Forces Tab may be revoked by the awarding authority (Commander, U.S. Army John F. Kennedy Special Warfare Center) if the recipient—
(a) Has his or her Parachutist Badge revoked.
(b) Initiates action which results in termination or withdrawal of the Special Forces specialty or branch code prior to completing 36 months of Special Forces duty. Requests for advanced schooling which may lead to another specialty or branch code being awarded instead of Special Forces will not be used as a basis for revocation of the tab.

(c) Has become permanently medically disqualified from performing Special Forces duty and was found to have become disqualified not in the line of duty.

(d) Has been convicted at a trial by courts–martial for offenses which demonstrate severe professional misconduct, incompetence, or willful dereliction in the performance of Special Forces duties.

(9) Driver and Mechanic Badge award will be revoked only by a commander authorized to award the badge and/or bar and only for any of the following reasons:
(a) In the event of a moving traffic violation in which life or property was endangered, or an accident which involved either property damage or personal injury wherein the awardee (motor vehicle driver or operator of special mechanical equipment) was at fault.
(b) In the event of damage to the vehicle for which the awardee (motor vehicle driver or operator of special mechanical equipment) is responsible due to lack of preventive maintenance.

(c) In the event of an unsatisfactory rating of the awardee (motor mechanic) as a driver.
(d) In the event of damage to vehicle or shop equipment as a result of careless or inefficient performance of duty by the awardee (motor mechanic).
(e) In the event of unsatisfactory shop performance by the awardee (motor mechanic).

(10) An award for previous weapons qualification is revoked automatically whenever an individual, upon completion of firing a record course for which the previous award was made, has not attained the same qualification. In the event a badge is authorized for firing a limited or subcaliber course, it is automatically revoked if a record service course is subsequently fired. If the bar, which is revoked automatically, is the only one authorized to be worn on the respective basic qualification badge, the award of the badge likewise is revoked automatically. An award once revoked will not be reinstated.

(11) Awards of Distinguished Rifleman or Distinguished Pistol Shot Badge, made through error or as a result of fraud, may be revoked only by the CG, U.S. Army Training and Doctrine Command (RADOCS) in the case of military personnel or by HQDA in cases involving civilians.

(12) Awards of the U. S. Distinguished International Shooter Badge, made through error or as a result of fraud, may be revoked only by the President, National Board for the Promotion of Rifle Practice.

(13) Awards of Excellence-in-Competition badges for military personnel, made through error or as a result of fraud, may be revoked only by the CG, TRADOC.

1–31. Presentation of decorations

a. The Medal of Honor is usually presented to living awardees by the President of the United States at the White House. Posthumous presentation to the next of kin normally is made in Washington, DC, by the President or his personal representative.

b. Other U.S. military decorations will be presented with an appropriate air of formality and with fitting ceremony. FM 22–5 prescribes the ceremony for presentation of decorations at a formal review.

c. When deemed appropriate, commanders are encouraged to recognize both military and civilian members of their organization in mutual awards ceremonies as outlined in b above. These ceremonies should be conducted in an atmosphere of formality and dignity.

d. Foreign decorations will not be presented by members of the U.S. Army to designated recipients whether awardees or next of kin.

e. Conversion awards, service medals, and service ribbons usually are not presented with formal ceremony. However, such presentation may be made at the discretion of the local commander.

f. In the act of presentation, a decoration may be pinned on the clothing of the awardee whether in uniform or civilian clothing or on the next-of-kin in the case of a presentation following the recipient’s death; however, this will not be construed as authority to wear the decoration for any person other than the individual honored. As an alternative to pinning the decoration, especially on next-of-kin, it may be handed to the recipient in an opened decoration container.

g. Whenever practical, badges will be presented to military personnel in a formal ceremony as provided in FM 22–5. Presentations should be made as promptly as practical following announcement of awards, and when possible, in the presence of the troops with whom the recipients were serving at the time of the qualification.

Chapter 2
Department of Defense Awards and Decorations

Section I
Overview

2–1. Objective
   a. This chapter explains Department of Defense (DOD) policies and procedures on awarding Defense decorations and service awards; nonmilitary decorations; the acceptance of foreign military decorations by members of the Armed Forces of the United States; and the Office of Secretary of Defense Identification Badge. It describes the various Defense awards; the basis or eligibility requirements for the award; who is eligible to receive; and who is authorized to approve the award. It tells how to prepare, submit, and process recommendations for DOD decorations.
   b. The objective of the DOD Military Awards Program is to ensure members of the Armed Forces of the United States receive tangible recognition for acts of valor, exceptional service or achievement, and acts of heroism not involving actual combat. Processing and approval of DOD awards are made in the name of the Secretary of Defense.

2–2. Order of precedence
DOD awards are categorized as U.S. military decorations and service medals and service ribbons. The order of precedence for wear of these awards is stated in AR 670–1, paragraph 28–6 and in paragraphs 1–40 and 1–41 of this regulation.

Section II

It is awarded by the Secretary of Defense to officers of the Armed Forces of the United States whose exceptional performance of duty and contributions to national security or defense have been at the highest levels. The prescribing directive for the DSSM is DOD 1348.33–M (Manual of Military Decorations and Awards).

2–4. Defense Superior Service Medal
The Defense Superior Service Medal (DSSM) was established by Executive Order 11904, 6 February 1976. The prescribing directive for the DSSM is DOD 1348.33–M.

2–5. Defense Meritorious Service Medal
The Defense Meritorious Service Medal (DMSM) was established by Executive Order 12019, 3 November 1977. It is awarded in the name of the Secretary of Defense to members of the Armed Forces of the United States who, after 3 November 1977, distinguished themselves by noncombat meritorious achievement or service. The prescribing directive for the DMSM is DOD 1348.33–M.

2–6. Joint Service Commendation Medal
The Joint Service Commendation Medal (JSCM) was authorized by the Secretary of Defense on 25 June 1963 and implemented by DOD 1348.33–M. It is awarded in the name of the Secretary of Defense to members of the Armed Forces of the United States who, after 1 January 1963, distinguished themselves by meritorious achievement or service. The prescribing directive for the JSCM is DOD 1348.33–M.

2–7. Joint Service Achievement Medal

It is awarded in the names of the Secretary of Defense to members of the Armed Forces of the United States below the grade of 0–6 who, after 3 August 1983, distinguished themselves by outstanding performance of duty and meritorious achievement. The prescribing directive for the JSAM is DOD 1348.33–M.

2–8. Purple Heart
The Purple Heart was established by General George Washington at Newburgh, New York, on 7 August 1782, during the Revolutionary War. It was reestablished by the President of the United States per War Department General Orders 3, 1932 and is currently awarded pursuant to Executive Order 11016, 25 April 1962, Executive Order 12464, 23 February 1984 and Public Law 98–525, 19 October 1984.
   a. The Purple Heart is awarded in the name of the President of the United States to any member of an Armed Force or any civilian national of the United States who, while serving under competent authority in any capacity with one of the U.S. Armed Services after 5 April 1917, has been wounded or killed, or who has died or may hereafter die after being wounded—
      (1) In any action against an enemy of the United States.
      (2) In any action with an opposing armed force of a foreign country in which the Armed Forces of the United States are or have been engaged.
      (3) While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.
      (4) As a result of an act of any such enemy of opposing armed forces.
(5) As the result of an act of any hostile foreign force.

(6) After 28 March 1973, as a result of an international terrorist attack against the United States or a foreign nation friendly to the United States, recognized as such an attack by the Secretary of Army, or jointly by the Secretaries of the separate armed services concerned if persons from more than one service are wounded in the attack.

(7) After 28 March 1973, as a result of military operations while serving outside the territory of the United States as part of a peacekeeping force.

b. While clearly an individual decoration, the Purple Heart differs from all other decorations in that an individual is not “recommended” for the decoration; rather he or she is entitled to it upon meeting specific criteria.

(1) A Purple Heart is authorized for the first wound suffered under conditions indicated above, but for each subsequent award an Oak Leaf Cluster will be awarded to be worn on the medal or ribbon. Not more than one award will be made for more than one wound or injury received at the same instant or from the same missile, force, explosion, or agent.

(2) A wound is defined as an injury to any part of the body from an outside force or agent sustained under one or more of the conditions listed above. A physical lesion is not required, however, the wound for which the award is made must have required treatment by a medical officer and records of medical treatment for wounds or injuries received in action must have been made a matter of official record.

(3) When contemplating an award of this decoration, the key issue that commanders must take into consideration is the degree to which the enemy caused the injury. The fact that the proposed recipient was participating in direct or indirect combat operations is a necessary prerequisite, but is not sole justification for award.

(4) Examples of enemy-related injuries which clearly justify award of the Purple Heart are as follows:

(a) Injury caused by enemy bullet, shrapnel, or other projectile created by enemy action.

(b) Injury caused by enemy placed mine or trap.

(c) Injury caused by enemy released chemical, biological, or nuclear agent.

(d) Injury caused by vehicle or aircraft accident resulting from enemy fire.

(e) Concussion injuries caused as a result of enemy generated explosions.

(f) Disease not directly caused by enemy agents.

(g) Accidents, to include explosive, aircraft, vehicular, and other accidental wounding not related to or caused by enemy action.

(h) Self-inflicted wounds, except when in the heat of battle, and not involving gross negligence.

(i) Post traumatic stress disorders.

(j) Jump injuries not caused by enemy action.

(6) It is not intended that such a strict interpretation of the requirement for the wound or injury to be caused by direct result of hostile action be taken that it would preclude the award being made to deserving personnel. Commanders must also take into consideration the circumstances surrounding an injury, even if it appears to meet the criteria. Note the following examples:

(a) In a case such as an individual injured while making a parachute landing from an aircraft that had been brought down by enemy fire; or, an individual injured as a result of a vehicle accident caused by enemy fire, the decision will be made in favor of the individual and the award will be made.

(b) Individuals wounded or killed as a result of “friendly fire” in the “heat of battle” will be awarded the Purple Heart as long as the “friendly” projectile or agent was released with the full intent of inflicting damage or destroying enemy troops or equipment.

(c) Individuals injured as a result of their own negligence; for example, driving while under the influence of alcohol. For mere carelessness, this is not a valid cause of enemy origin.

(d) An individual who was wounded by a bullet that had been mined or placed off limits or searching for or picking up unexploded munitions as war souvenirs, will not be awarded the Purple Heart as they clearly were not injured as a result of enemy action, but rather by their own negligence.

(e) A Purple Heart will be issued to the next of kin of each person entitled to a posthumous award. Issue will be made automatically by the Commanding General, PERSCOM, upon receiving a report of death indicating entitlement.

(f) Upon written application to Commander, ARPERCEN, ATTN: DARF–VSE–A, 9700 Page Boulevard, St. Louis, MO 63132–5200, award may be made to any member of the Army, who during World War I, was awarded a Meritorious Service Citation Certificate signed by the Commander in Chief, American Expeditionary Forces, or who was authorized to wear wound chevrons.

(g) Examples of eligible individuals are as follows:

(a) Any Army employee who is traveling outside of the continental limits of the United States on PCS or temporary duty (TDY) aboard a commercial aircraft and wounded by international terrorists in an attempted or actual hijacking incident.

(b) An Army employee in an Army office building performing his or her job who is wounded by an explosive device detonated by international terrorists.

(c) A civil or foreign service employee from a U.S. Government Agency or Department attached to an Army element performing intelligence, counter-terrorist, or other duties with the Army wounded by international terrorists.

(d) An Army employee wounded in an international terrorist incident in which a soldier or soldiers are also wounded.

g. During wartime for posthumous award of the Prisoner of War Medal, the servicing personnel officer, after receipt of certified documentation that a soldier has died while in captivity, will initiate a DD Form 2510 (Prisoner of War Medal Application/Information) on behalf of that soldier and their next of kin. The application will be mailed directly to Commander, PERSCOM, ATTN: TAPC–PED–P, Alexandria, VA 22331–0481, for automatic action, approval and issue of the award as appropriate.

h. Approval authority for Army retirees, former Army soldiers, other personnel with creditable military service and posthumous awards to the primary next of kin, of the above personnel is Commander, ARPERCEN, ATTN: DARP–VSE–A, 9700 Page Boulevard, St. Louis, MO 63132–5200.

i. Cases involving questionable character of service or misconduct during captivity will be processed through the receiving command channels to Commander, PERSCOM, ATTN: TAPC–PED–P, Alexandria, VA 22331–0481, for final decision by the Secretary of the Army; see paragraph 2–9e.

j. The following documents, as applicable, should be submitted with Prisoner of War Medal applications to assist in validating the award: Army separation documents, casualty reports; messages/letters/telegrams sent home; unit journals; diaries; sworn eyewitness statements or affidavits; photos, ID Card, or other documents taken or obtained while in captivity; news clippings and other evidence in support of the request.

k. Processing awards of the Prisoner of War Medal should be accomplished by using DD Form 2510. Should the form not be available, letter or memorandum applications will be accepted, provided complete information is given and source documents explained in j above, accompany the request.

2–22. Steps for processing award of the Prisoner of War Medal
The steps for processing award of the Prisoner of War Medal to active Army soldiers, retirees, veterans, other personnel with creditable military service, or the primary next of kin of these categories of personnel are in table 2–2.

2–23. Rules for recommending award of the Humanitarian Service Medal

a. The HSM is awarded to eligible soldiers who directly participate in a DOD-approved military act or operation of a humanitarian nature. See appendix C for list of approved HSM operations.

b. The President must have declared the act or event a Federal disaster or the Secretary of State must have requested emergency assistance from DOD for any act or operation to be considered for designation as a Humanitarian Act or Operation.

c. Direct hands-on participation in the following types of acts or
operations may qualify individual service members for award of the
HSM provided the operation has been approved by DOD.

(1) Assistance in the event of national or international disasters,
natural or man-made, such as earthquakes, floods, typhoons, or
conflagrations.

(2) Relief to a starvation area.

(3) Evacuation of personnel from an area threatened by a hostile
force.

(4) Support to and resettlement of refugees and evacuees.

HSM, regardless of whether peacetime or wartime conditions prevail.

The HSM may be awarded posthumously to eligible soldiers
based on an administrative decision of the servicing personnel offi-
cer. However, the burden of proof rests with each potentially eligi-
bable soldier to furnish appropriate source documents, per paragraph
2–15, to his or her personnel officer. These documents will then be

forwarded to Commander, ARPERCEN, ATTN: DARP–VSE–A,
9700 Page Boulevard, St. Louis, MO 63132–5200, for decision.

Chapter 3
U.S. Army Individual Decorations

Section I
Overview

3–1. Intent

a. U.S. Army military decorations are awarded in recognition of heroism, meritorious achievement, or meritorious service.

b. In peacetime, U.S. Army military decorations recognize achievements which have significantly contributed to the readiness or effectiveness of a unit or organization, or have made notable contributions to the morale or esprit de corps of units or organizations. Exceptional command or leadership of a crew, team, section, squad, or similar unit may be considered meritorious achievement or service. Recommendations for awards must be based on specific achievement.

c. The decision to award an individual a decoration and the decision as to which award is appropriate are both subjective decisions made by the commander having award approval authority. Awards for meritorious achievement or service will not be based upon the grade of the intended recipient. Rather, the award should reflect both the individual’s level of responsibility and his or her manner of performance. The degree to which an individual’s achievement or service enhanced the readiness or effectiveness of his or her organization will be the predominant factor.

d. No individual is automatically entitled to an award upon departure from an assignment. Awards presented in conjunction with a permanent change of station will be limited to exceptional cases. Certificates of Achievement and Letters of Commendation or Appreciation are appropriate means to recognize departing personnel.

e. No preconditions for an award may be established such as, for example, when soldiers are informed in advance that attainment of specific goals will result in the automatic award of a given decoration. Military decorations will not be used as prizes in contests.

f. Limiting awards to a specific number per unit is not authorized.

3–2. Decorations authorized and order of precedence

a. The U.S. Army decorations authorized and the order of precedence are as follows:

   (1) Medal of Honor.
   (2) Distinguished Service Cross.
   (3) Distinguished Service Medal.
   (4) Silver Star.
   (5) Legion of Merit.
   (6) Distinguished Flying Cross.
   (7) Soldier’s Medal.
   (8) Bronze Star Medal.
   (9) Meritorious Service Medal.
   (10) Air Medal.
   (11) Army Commendation Medal.
   (12) Army Achievement Medal.

b. The above awards are outlined in table 3–1 at the end of the chapters.

3–3. Personnel eligible

Decorations are awarded primarily to military personnel for services
performed while in active Federal military service, however, established criteria for some decorations authorizes awards to personnel in other categories. The following additional instructions apply:

1. **Reserve Components.** The Secretary of the Army may award specific decorations to members of the Reserve Components of the Army not in active Federal service. This would be to recognize exceptionally meritorious service or singular acts of heroism or achievement directly related to performance of duty as a member of such Reserve Components. The Secretary may also at his or her discretion award an appropriate decoration during occasional periods of active military service. To qualify, these acts, achievements, or services must not be related directly to membership in the Reserve Component. They must clearly be of significant benefit to the mission accomplishment of the Army.

2. **U.S. civilians.** Specific decorations may be awarded to U.S. citizen civilian personnel who are determined to be “serving with” the U.S. Army in a combat zone. The Purple Heart, subject to the criteria in paragraph 2–8, can be awarded by the Secretary of the Army to civilians wounded or killed in international terrorists incidents.

3. **Foreign military personnel.** Specific decorations may be awarded to foreign personnel for acts or services deemed to be beneficial to the U.S. Government. (See AR 672–7(c).)

4. **Deceased personnel.** Awards of medals may be made following the death of the person being honored.

### 3–4. Peacetime award approval authority

**a.** Awards for peacetime service are made by the President, the Secretary of Defense, and the Secretary of the Army. When peacetime criteria apply, authority to award decorations is automatically delegated as shown in table 3–2 at the end of this chapter.

**b.** Approval authorities must be in command or serving as head of a principal HQDA agency. This authority may not be delegated to subordinate officials (that is, executive officer, chief of staff, deputy commander, and so forth). In instances where the incumbent commander is not available to act on recommendations (hospitalization, extended temporary duty or leave) the acting commander, regardless of grade, may take final action provided an formal official assumption of command has taken place. In such cases the acting commander will sign documents using the title “Acting Commander.”

**c.** The delegation of military award approval authority to certain senior civilian leaders is governed by memorandum from the Administrative Assistant to the Secretary of the Army.

**d.** Commanders having authority to approve an award may delegate disapproval authority to their immediate subordinate commanders, provided those subordinate commanders have authority to approve the next lower award. This delegation must be in writing and should be accomplished with each change of command. Commanders reporting directly to HQ, PERSCOM and officials reporting directly to a principal HQDA agency are delegated disapproval authority for current recommendations for award of the Distinguished Flying Cross, Soldier’s Medal, and Air Medal. Such commanders and HQDA officials may also disapprove service and other achievement award recommendations, provided they have authority to approve the next lower award. This disapproval authority includes awards for non-Army personnel.

**e.** The authority to disapprove a recommendation to award a general officer the Distinguished Service Medal rests solely with the Chief of Staff, Army and the Vice Chief of Staff, Army. This does not preclude a commander or head of principal Army agency from recommending disapproval of the Distinguished Service Medal for a general officer.

**f.** Award approval authority applies equally to Army element commanders in joint, unified and combined commands in accordance with the grade of the Army element commander and applies only within the headquarters concerned for approval of Army awards to Army personnel assigned to that headquarters. If an individual is recommended for an award higher than the Army element commander may approve, the recommendation will be processed through joint command channels to the Commander, PERSCOM, ATTN: TAPC–PDA, 200 Stovall Street, Alexandria, VA 22332–0471, or to an intermediate joint headquarters in which the senior U.S. commander is a U.S. Army general officer with the requisite approval authority, for final action. In those cases where the Army element commander is not the senior United States commander in the headquarters, concurrence of that senior commander, regardless of branch of Armed Forces, will be obtained prior to approval of the award. Army awards approval authority does not apply within the Office of Secretary of Defense (OSD) or the Organization of the Joint Chiefs of Staff (OJCS) but does include Defense OJCS Activities. Where an Army element commander has not been formally designated, the senior Army general officer within the headquarters will exercise awards approval authority commensurate with his or her grade.

**g.** Major Army commanders and CONUS armies, with awards approval authority, are authorized to award applicable decorations to unit and nonunit Reserve Component personnel under their command in accordance with the authorized grade of the commanders concerned. For attached Individual Mobilization Augmentees (IMA) or nonunit Reserve personnel attached to U.S. Army Reserve or active Army units for active duty for training (ADT), active duty for special work (ADSW), inactive duty training (IDT), or in Active Guard Reserve (AGR) status, whose records are maintained by ARPERCEN, the unit of attachment will obtain concurrence from Commanding Officer. ARPERCEN, ATTN: DAR–MSR–I, St. Louis, MO 63132–5200, and any previous awards, proper oak leaf cluster, period of award, derogatory information, flagging action and or other applicable information from personnel files. A copy of the permanent order granting the award will be provided the Commander, ARPERCEN, ATTN: DAR–RSR, for inclusion in the individual’s OMPF.

**h.** State adjutants general and commanders of Army National Guard and U.S. Army Reserve commands may award applicable decorations to personnel under their command, including active component and full time AGR personnel performing full time duty under their command.

### 3–5. Wartime conditions award approval authority

**a.** The Medal of Honor is awarded only by the President. Other decorations are awarded by the President, the Secretary of Defense, and the Secretary of the Army. When wartime conditions erupt, authority to further delegate decorations approval authority will be requested from the Secretary of the Army. Initial delegation will be requested consistent with the award approval authority outlined in table 3–3, at the end of this chapter. Initial delegation authority is not absolute, but is provided for contingency planning purposes only. Delegation of awards approval authority will be reviewed at 30 day intervals after combat commences to determine if further delegation would be expedient and justified.

**b.** Chapter 12 contains additional mobilization instructions.

### Section II

#### Authority and Criteria—U.S. Army Individual Decorations

**3–6. Medal of Honor**

**a.** The Medal of Honor, section 3741, title 10, United States Code (10 USC 3741), was established by Joint Resolution of Congress, 12 July 1862 (amended by acts 9 July 1918 and 25 July 1963).

**b.** The Medal of Honor is awarded by the President in the name of Congress to a person who, while a member of the Army, distinguishes himself or herself conspicuously by gallantry and intrepidity at the risk of his or her life above and beyond the call of duty while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The deed performed must have been one of personal bravery or sacrifice so conspicuous as to clearly distinguish the individual above his comrades and must
have involved risk of life. Incontestable proof of the performance of the service will be exacted and each recommendation for the award of this decoration will be considered on the standard of extraordinary merit.

3–7. Distinguished Service Cross

a. The Distinguished Service Cross, section 3742, title 10, United States Code (10 USC 3742), was established by Act of Congress 9 July 1918 (amended by act of 25 July 1963).

b. The Distinguished Service Cross is awarded to a person who, while serving in any capacity with the Army, distinguished himself or herself by extraordinary heroism not justifying the award of a Medal of Honor; while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing or foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing Armed Force in which the United States is not a belligerent party. The act or acts of heroism must have been so notable and have involved risk of life so extraordinary as to set the individual apart from his or her comrades.

c. The required gallantry, while of a lesser degree than that required for the Distinguished Service Cross, must nevertheless have been performed with marked distinction.

d. Awards may be made to persons other than members of the Armed Forces of the United States for wartime services only, and then only under exceptional circumstances with the express approval of the President in each case.

3–8. Distinguished Service Medal

a. The Distinguished Service Medal, section 3743, title 10, United States Code (10 USC 3743), was established by Act of Congress 9 July 1918.

b. The Distinguished Service Medal is awarded to any person who, while serving in any capacity with the U.S. Army, has distinguished himself or herself by exceptionally meritorious service to the Government in a duty of great responsibility. The performance must be such as to merit recognition for service which is clearly exceptional. Exceptional performance of normal duty will not alone justify an award of this decoration.

c. For service not related to actual war, the term “duty of great responsibility” applies to a narrower range of positions than in time of war and requires evidence of conspicuously significant achievement. In peacetime, service must have involved personal hazard or danger and the voluntary risk of life. Incontestable proof of the performance of duties normal to the grade, branch, specialty, or assignment, and experience of an individual is not an adequate basis for this award.

d. Awards may be made to persons other than members of the Armed Forces of the United States for wartime services only, and then only under exceptional circumstances with the express approval of the President in each case.

3–9. Silver Star

b. The Silver Star is awarded to a person who, while serving in any capacity with the U.S. Army, is cited for gallantry in action against an enemy of the United States while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly forces engaged in armed conflict against an opposing armed force in which the United States is not a belligerent party. The required gallantry, while of a lesser degree than that required for the Distinguished Service Cross, must nevertheless have been performed with marked distinction.

c. It is awarded upon letter application to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, to those individuals who, while serving in any capacity with the U.S. Army, received a citation for gallantry in action in World War II published in orders issued by a headquarters commanded by a general officer.

d. The Silver Star Medal is awarded to any person of the Armed Forces of foreign nations who, while serving in any capacity with the Army of the United States, distinguished himself or herself by heroism or extraordinary achievement while participating in aerial flight. The performance of the act of heroism must be evidenced by voluntary action above and beyond the call of duty. The extraordinary achievement must have resulted in an accomplishment so exceptional and outstanding as to clearly set the individual apart from his or her comrades or from other persons in similar circumstances. Awards will be made only to recognize single acts of heroism or extraordinary achievement and will not be made in recognition of sustained operational activities against an armed enemy.

3–10. Legion of Merit

a. The Legion of Merit, section 1121, title 10, United States Code (10 USC 1121), was established by Act of Congress 20 July 1942.

b. The Legion of Merit is awarded to any member of the Armed Forces of the United States or a friendly foreign nation who has distinguished himself or herself by exceptionally meritorious conduct in the performance of outstanding services and achievements.

c. Criteria for members of the Armed Forces of the United States are as follows:

(1) The performance must have been such as to merit recognition of key individuals for service rendered in a clearly exceptional manner. Performance of duties normal to the grade, branch, specialty, or assignment, and experience of an individual is not an adequate basis for this award.

(2) For service not related to actual war, the term “key individuals” applies to a narrower range of positions than in time of war and requires evidence of significant achievement. In peacetime, service should be in the nature of a special requirement or of an extremely difficult duty performed in an unprecedented and clearly exceptional manner. However, justification of the award may accrue by virtue of exceptionally meritorious service in a succession of important positions.

(3) Award will be made without reference to degree.

d. Criteria for member of Armed Forces of foreign nations is in AR 672–7(C).

3–11. Distinguished Flying Cross

a. The Distinguished Flying Cross, section 3749, title 10, United States Code (10 USC 3749), was established by Act of Congress 2 July 1926.

b. The Distinguished Flying Cross is awarded to any person who, while serving in any capacity with the Army of the United States, distinguished himself or herself by heroism or extraordinary achievement while participating in aerial flight. The performance of the act of heroism must be evidenced by voluntary action above and beyond the call of duty. The extraordinary achievement must have resulted in an accomplishment so exceptional and outstanding as to clearly set the individual apart from his or her comrades or from other persons in similar circumstances. Awards will be made only to recognize single acts of heroism or extraordinary achievement and will not be made in recognition of sustained operational activities against an armed enemy.

c. Awards may be made for acts of heroism, performed under circumstances described above, which are of lesser degree than required for the award of the Silver Star.

d. The Bronze Star Medal may be awarded for meritorious achievement or meritorious service according to the following:

(1) Awards may be made to recognize single acts of meritorious service. The lesser degree than that required for the
award of the Legion of Merit must nevertheless have been meritorious and accomplished with distinction.

(2) Award may be made by letter application to Commander, ARPERCEN, ATTN: DARP–VSE–A, 9700 Page Boulevard, St. Louis, MO 63132–5200 (enclosing documentary evidence, if possible), to each member of the Armed Forces of the United States who, after 6 December 1941, has been cited in orders or awarded a certificate for exemplary conduct in ground combat against an armed enemy between 7 December 1941 and 2 September 1945, inclusive, or whose meritorious achievement has been otherwise confirmed by documents executed prior to 1 July 1947. For this purpose, an award of the Combat Infantryman Badge or Combat Medical Badge is considered as a citation in orders. Documents executed since 4 August 1944 in connection with recommendations for the award of decorations of higher degree than the Bronze Star Medal will not be used as the basis for an award under this paragraph.

(3) Upon letter application, award of the Bronze Star Medal may be made to eligible soldiers who participated in the Philippine Islands Campaign between 7 December 1941 to 10 May 1942. Performance of duty must have been on the island of Luzon or the Harbor Defenses in Corregidor and Bataan. Only soldiers who were awarded the Distinguished Unit Citation (Presidential Unit Citation) may be awarded this decoration. Letter application should be sent to the Commander, ARPERCEN, ATTN: DARP–VSE–A, 9700 Page Boulevard, St. Louis, MO 63132–5200.

3–14. Meritorious Service Medal

a. The Meritorious Service Medal was established by Executive Order 11448, 16 January 1969 as amended by Executive Order 12312, 2 July 1981.

b. The Meritorious Service Medal is awarded to any member of the Armed Forces of the United States or to any member of the Armed Forces of a friendly foreign nation who, while serving in a noncombat area after 16 January 1969, has distinguished himself or herself by outstanding meritorious achievement or service.

c. Awards of the ARCOM may be made for acts of valor performed under circumstances described above which are of lesser degree than required for award of the Bronze Star Medal. These acts may involve aerial flight.

d. An award of the ARCOM may be made for acts of noncombat-related heroism which do not meet the requirements for an award of the Soldier’s Medal.

e. The ARCOM will not be awarded to general officers.

f. Awards of the ARCOM may be made on letter application to Commander, ARPERCEN, ATTN: DARP–VSE–A, 9700 Page Boulevard, St. Louis, MO 63132–5200, to any individual commended after 6 December 1941 and before to 1 January 1946 in a letter, certificate, or order of commendation, as distinguished from letter of appreciation, signed by an officer in the grade or position of a major general or higher. Awards of the Army Commendation Ribbon and of the Commendation Ribbon with Metal Pendant were redesignated by DA General Orders 10, 31 March 1960, as awards of the Army Commendation Medal, without amendment of orders previously issued.

3–17. Army Achievement Medal

a. The Army Achievement Medal (AAM) was established by the Secretary of the Army, 10 April 1981.

b. The AAM is awarded to any member of the Armed Forces of the United States, or to any member of the Armed Forces of a friendly foreign nation, who while serving in any capacity with the Army in a noncombat area on or after 1 August 1981, distinguished himself or herself by meritorious service or achievement of a lesser degree than required for award of the Army Commendation Medal.

c. The AAM will not be awarded to general officers.

Section III

Task: Process DA Form 638, Recommendation for Award

3–18. Rules for processing DA Form 638, Recommendation for Award

a. The DA Form 638 will be used to initiate, process, and approve award recommendations of all U.S. Army individual decorations, to include valor and heroism decorations.
b. Statutory and regulatory time limits for processing valorous awards are in paragraphs 1–14 and 1–15.

c. Criteria for the various valor awards are as shown in this chapter under the respective decoration.

d. Approval authorities may make award decisions without referral to a local awards board. Awards boards are optional and are at the discretion of the approval authority.

e. Permanent award orders are an authorized part of the DA Form 638. Permanent award orders are authority to be delegated to award approval authorities who would not normally publish permanent orders. This delegation should be in writing. Permanent orders filing will include a master set filed at the issuing headquarters; see AR 310–10, formats 700–705. Approved awards of the Medal of Honor, Distinguished Service Cross, and Soldier’s Medal will be confirmed in Department of the Army General Orders.

f. Amendments, recissions, or revocation of permanent award orders will be prepared on a separate order (See AR 310–10, formats 700 and 705 and paras 1–27 through 1–30 of this regulation).

g. Approval authorities for individual decorations are in tables 3–2 and 3–3 at the end of this chapter.

h. Commanders may disapprove the next higher award normally associated with their grade, provided such authority has been delegated to them. See specifics in note 2, table 3–2, at the end of this chapter. This delegation must be in writing.

i. Orders publication authority for awards may be delegated by Meritorious Service Medal approval authorities (MG and above) to commanders exercising lower award approval authority. Such delegation will allow those commanders (COL or LTC) with Army Commendation Medal or Army Achievement Medal approval authority to issue award orders once the award is approved. This is an exception to AR 310–10, paragraph 1–4. The documentation and control requirements in AR 310–10, paragraph 1–22, must be established by the commander before publishing award orders.

j. Each headquarters will have procedures established to ensure that every recommendation is processed with a minimum of delay. Recommendations requiring action by HQ, PERSCOM, or higher authority should arrive no later than 60 days prior to the desired presentation date. All other recommendations should be approved or disapproved within command channels within 60 days of initiation.

k. When a recommendation contains classified information, the DA Form 638 and allied documents will bear a security classification and/or protective markings. The packet will be prepared, processed and protected according to AR 380–5. Proposed and approved citations will be prepared so as to contain no classified information.

l. A separate recommendation will be submitted for each proposed award of a decoration and only one proposed awardee will be named in a single recommendation.

m. The recommender will, to the extent possible, verify data on the DA Form 638 concerning the awardee from official Army personnel documents.

n. Recommendations will be submitted with original and three copies of all documents.

o. Premature disclosure of information to the public, or to the individual being recommended for an award is a potential source of embarrassment to recommending officials and should be strongly discouraged. Prior disclosure of approved awards should also be discouraged since it would diminish the impact of ceremonies when the award is ultimately presented.

p. Recommendations will be forwarded through command channels to the commander authorized to approve or disapprove it. Each intermediate commander/ supervisor will recommend approval or disapproval, and cite specific reasons whenever disapproval is recommended.

q. Typing the recommendation is not required. Recommendations may be handwritten or handprinted, but must be clearly legible. Use only black ink for machine readability (copier, fax, or microfiche). If the form is typed, the limited resources of the P&AC should not be used for this purpose.

r. Narrative description of meritorious service or achievement for awards of the MSM, ARCOM, and AAM will be limited to bullet format in the space allowed on the DA Form 638. Narratives are required for all other awards and will be added as an addendum to the recommendation. Narrative should be prepared on 8 1/2-by 11-inch bond paper and is limited to one page except for recommendations of the Distinguished Service Medal and above. Narratives for valor must contain a description of the following elements: terrain and weather of the area in which the action took place; enemy conditions, to include morale, proximity, firepower, casualties and situation prior to, during and after the act; the effect of the act on the enemy; the action of comrades in the immediate vicinity of the act and the degree of their participation in the act; if the act occurred in aerial flight, the type and position of the aircraft and the individual’s crew position; the degree to which the act was voluntary; the degree to which the act was outstanding and exceeded what was normally expected of the individual; all unusual circumstances; and overall effects or results of the act.

t. Heroism award recommendations will contain statements of eyewitnesses, preferably in the form of certificates, affidavits, or sworn statements; extracts from official records; sketches; maps; diagrams; photographs; and so forth, which support and amplify stated facts for the heroism award.

u. Properly constituted award recommendations will include the following:

1) DA Form 638 (Recommendation for Award).

2) Narrative justification as explained above.

3) Proposed citation.

4) Support documents. (Optional)

5) Eyewitness statements in the form of certificates, affidavits, or sworn statements. (Optional for Silver Star and lesser awards.)

6) Records extracts, sketches, maps, diagrams, and photographs which support and amplify the award of heroism. (Optional for Silver Star and lesser awards.)

7) Recommendations from all intermediate level commanders.

v. If an award is approved, a copy of the approved award certificate, with the soldier’s social security number written at the top right hand corner, will be filed in the OMPF. Permanent order data will already exist on the original certificate in typed format in the lower left hand portion of the certificate. The DA Form 638 will be filed in the OMPF only in instances of disapproval or downgrade of the originally recommended award.

Section VI
Task: Prepare Award Certificates

3–20. Rules for preparing Army award certificates

a. Proposed certificate citations submitted to HQ, PERSCOM (TAPC–PDA) for approval of heroism awards (Soldier’s Medal and higher), and for the Distinguished Service Medal will be typed double-spaced, not more than 12 characters per inch, on 8 1/2-by 11-inch paper, and may be continued on one double-spaced typewritten page. Do not submit actual certificates to HQ, PERSCOM.

b. Certificate citations for the Legion of Merit, Bronze Star Medal, Air Medal with “V” Device and Army Commendation Medal with “V” Device are limited to a maximum of nine lines, 12 characters per inch.

c. Certificate citations for the Meritorious Service Medal, Army Commendation Medal and Army Achievement Medal are limited to a maximum of four lines, except retirement awards which may be six lines in length.

d. In view of the inherent historical value of the award certificate and the acts or service it represents, it is imperative that it be prepared with care so that its appearance is professional and dignified. Certificates should include a brief descriptive narrative and should not be so brief as to distract from its meaning, and should be prepared on a letter quality printer or equivalent.

e. Effective 4 March 1993, certificates for award of the Meritorious Service Medal, Army Commendation Medal, and Army Achievement Medal will no longer require the overprinted signature of the Secretary of the Army. Certificates for award of the Legion of Merit and above and all wartime decorations will continue to be issued with the overprinted signature of the Secretary of the Army.

The steps for preparing Army award certificates are contained in table 3–5.

Notes:
1. The senior Army commander (SAC) upon arrival in the theater of operations, or as soon thereafter as practical, will submit a request to CDR, PERSCOM, ATTN: TAPC–PDA, 200 Stovall Street, Alexandria, VA 22332–0471, requesting this delegation be activated.
2. The primary purpose of this delegation of authority table is to outline various awards and decorations approval authorities for use during the immediate stages of Army combat operations. During recent years, Army combat involvement (Grenada & Panama) has been limited in scope and duration. Awards delegation approval authorities will be reviewed every 30 days during combat engagement to determine if further delegation would be expedient and justified.
3. Approval of the MSM and AAM in the area of combat operations is rescinded. These are peacetime-only decorations.
4. Authority to approve award of the ARCOM under wartime criteria may be delegated to Colonel level commanders.

Good Conduct Medal and Army Reserve Components Achievement Medal

Section I
Army Good Conduct Medal

4–1. Intent
The Army Good Conduct Medal (AGCM) was established by Executive Order 8809, 28 June 1941 and was amended by Executive Order 9323, 1943 and by Executive Order 10444, 10 April 1953. It is awarded for exemplary behavior, efficiency, and fidelity in active Federal military service. It is awarded on a selective basis to each soldier who distinguishes himself or herself from among his or her fellow soldiers by their exemplary conduct, efficiency, and fidelity throughout a specified period of continuous enlisted active Federal military service, as outlined in this chapter. There is no right or entitlement to the medal until the immediate commander has approved the award and the award has been announced in permanent
orders. See glossary for definition of “active Federal military service.”

4–2. Personnel eligible
   a. Active Component enlisted soldiers.
   b. Active Guard Reserve (AGR) enlisted personnel serving on extended periods of active duty (other than for training) under title 10, USC are eligible for award of the AGCM for qualifying service beginning on or after 1 September 1982, provided no period of the service has been duplicated by the same period of service for which the soldier has been awarded the Army Reserve Components Achievement Medal.
   c. Retroactively to eligible Army of the United States (AUS) enlisted personnel.
   d. Other Army enlisted personnel as may be directed by the Secretary of the Army.

4–3. Award approval authority
Unit commanders are authorized to award the AGCM to enlisted personnel serving under their command jurisdiction who meet the established criteria. Send requests for award of the AGCM for former soldiers to the Commander, ARPERCENT, ATTN: DARP–PAS–EAW, 9700 Page Boulevard, St. Louis, MO 63132–5200. Requests for award of the AGCM for Army National Guard and Army Reserve members for periods of active duty based on qualifying prior active Federal military service (Regular Army and AUS) will be forwarded through normal command channels to the Commander, ARPERCENT, ATTN: DARP–PAS–EAW, 9700 Page Boulevard, St. Louis, MO 63132–5200. Separation transfer points will review the records of enlisted personnel being separated to determine whether they qualify for the AGCM. Where possible, make a reasonable effort to contact the unit commander before awarding the medal to qualified members.

4–4. Basis for approval
The immediate unit commander’s decision to award the AGCM will be based on his or her personal knowledge and of the individual’s official records for periods of service under previous commanders during the period for which the award is to be made. The lack of official disqualifying comment by previous commanders qualifies the use of such period toward the award by current commander.

4–5. Qualifying periods of service
Any one of the following periods of continuous enlisted active Federal military service qualifies for award of the AGCM or of a AGCM Clasp (para 4–9) in conjunction with the criteria in para 4–6:
   a. Each 3 years completed on or after 27 August 1940.
   b. For first award only, 1 year served entirely during the period 7 December 1941 to 2 March 1946.
   c. For first award only, upon termination of service on or after 27 June 1950, of less than 3 years but more than 1 year.
   d. For first award only, upon termination of service, on or after 27 June 1950, of less than 1 year when final separation was by reason of physical disability incurred in line of duty.
   e. For first award only, for those individuals who died before completing 1 year of active Federal military service if the death occurred in the line of duty.

4–6. Character of service
Throughout a qualifying period, each enlisted soldier must meet all of the following criteria for an award:
   a. The immediate commander evaluates the soldier’s character as above reproach.
   b. The record of service indicates that the soldier has—
      (1) Willingly complied with the demands of the military environment.
      (2) Been loyal and obedient to their superiors.
      (3) Faithfully supported the goals of their organization and the Army.
      (4) Conducted themselves in such an exemplary manner as to distinguish them from their fellow soldiers.
   c. While any record of nonjudicial punishment could be in conflict with recognizing the soldier’s service as exemplary, such record should not be viewed as automatically disqualifying. The commander analyzes the record, giving consideration to the nature of the infraction, the circumstances under which it occurred and when. Conviction by court-martial terminates a period of qualifying service; a new period begins following the completion of sentence imposed by court-martial.
   d. In terms of job performance, the soldier’s efficiency must be evaluated and must meet all requirements and expectations for that soldier’s grade, MOS, and experience.
   e. Individuals whose retention is not warranted under standards prescribed in AR 604–10, paragraph 2–1, or for whom a bar to reenlistment has been approved under the provisions of AR 601–280, chapter 6 (specifically for the reasons enumerated in AR 601–280, paras 6–4a, b, and d), are not eligible for award of the AGCM.

4–7. Additional implementing instructions
   a. Qualifying periods of service (para 4–5) must be continuous enlisted active Federal military service. When an interval in excess of 24 hours occurs between enlistments, that portion of service before to the interruption is not creditable toward an award.
   b. Release from enlisted status for entry into service as a cadet or midshipman at any U.S. service academy, or discharge from enlisted status for immediate entry on active duty in an officer status is considered a termination of service for awarding the AGCM. A minimum of 12 months enlisted service is required and must have been completed for first award of the AGCM; otherwise, the full 3 years of qualifying enlisted service is required.
   c. A qualified person scheduled for separation from active Federal military service should receive the award at his or her last duty station. Such award is authorized up to 30 days before the soldier’s departure en route to a separation processing installation in CONUS or overseas. Orders announcing such advance awards will indicate the closing date for the award prefixed with date of separation, on or about, as the response to the “Dates or period of service” lead line. Example: from 31 Oct 1977 to date of separation on or about 30 Oct 1980. For soldiers who are granted terminal leave prior to retirement or ETS, orders awarding second and subsequent awards of the AGCM may be issued up to 90 days before retirement or ETS date.
   d. An award made for any authorized period of less than 3 years must be for the total period of obligated active Federal military service. This applies to first award only, all other awards of the AGCM require 3 full years qualifying service.
   e. Discharge under provisions of AR 635–200 for immediate (re)enlistment is not termination of service.

4–8. Disqualification for the Army Good Conduct Medal
   a. Conviction by courts-martial terminates a period of qualifying service; a new period begins the following day after completion of the sentence imposed by the court-martial.
   b. Individual whose retention is not warranted under standards prescribed in AR 604–10, paragraph 2–1, or for whom a bar to reenlistment has been approved under the provisions of AR 601–280, chapter 6 (specifically for the reasons enumerated in AR 601–280, paras 6–4a, b, and d), are not eligible for award of the AGCM.
   c. In instances of disqualification as determined by the unit commander, the commander will prepare a statement of the rationale for his or her decision. This statement will include the period of disqualification and will be referred to the individual according to AR 600–37, paragraph 3–6. The unit commander will consider the affected individual’s statement. If the commander’s decision remains the same, the commander will forward his or her statement, the individual’s statement, and his or her consideration for filing in the individual’s DA Form 201 (Military Personnel Records Jacket) (MPRJ). The custodian of the MPRJ will forward these documents
to Commander, U.S. Army Enlisted Records and Evaluation Center, Fort Benjamin Harrison, IN 46249–5301, for permanent filing in the individual’s OMPF.

d. Disqualification for an award of the AGCM can occur at any time during a qualifying period (for example, when manner of performance or efficiency declines). The custodian of the MPRJ will establish the new “beginning date” for the soldier’s eligibility for award of the AGCM and indicate the date on the soldier’s DA Form 2–1(Personnel Qualification Record, Part II). These procedures do not apply if soldier is disqualified under the provisions of a and b above.

4–9. Subsequent awards and clasps
A clasp is authorized for wear on the AGCM to denote a second or subsequent award. Clasps authorized for second and subsequent award are in table 4–1.

4–10. Army Good Conduct Medal certificate policy

a. The DA Form 4950 (Good Conduct Medal Certificate) may be presented to enlisted soldiers only on the following occasions:
   (1) Concurrent with the first award of the AGCM earned on or after 1 January 1981.
   (2) Concurrent with retirement on or after 1 January 1981.

b. When presented at retirement, the DA Form 4950 will reflect the last approved award of the AGCM earned by the soldier before retirement. The number of the last earned will be centered immediately beneath the line “THE GOOD CONDUCT MEDAL” for example, “Sixth Award.” The period shown on the certificate will be the period cited in the last award earned by the soldier.

c. The DA Form 4950 will not be presented for second or subsequent awards of the AGCM except as provided in (2) above.

d. DA Form 4950 is available from the U.S. Army Publications Distribution Center, ATTN: SPIS–APC–BD, 2800 Eastern Boulevard, Baltimore, MD 21220–2896.

4–11. Retroactive award

a. Retroactive award to enlisted personnel, and to officer personnel who qualified in an enlisted status, is authorized provided evidence is available to establish qualification. Where necessary, to correct conflicting or duplicate awards, previous general or permanent orders may be revoked and new orders published, citing this paragraph as authority.

b. Requests for retroactive awards to enlisted persons which cannot be processed due to lack of information will be forwarded to Commander, U.S. Army Enlisted Records and Evaluation Center, Fort Benjamin Harrison, IN 46249–5301, by the commander having command jurisdiction. Upon receipt of eligibility information from U.S. Army Enlisted Records and Evaluation Center (USAEREC), the commander can take action to confirm retroactive award of the AGCM by publication of orders, or by informing the soldier of findings of ineligibility.

a. Management of the AGCM is an automation assisted program for the Active Army.

b. The SIDPERS generated AGCM Suspense Roster(AAC–C24) provides commanders a list of tentative eligibles.

c. Periodic record screens and personnel audits may also be used to identify soldiers who are potentially eligible for award of the AGCM.

d. Eligibility requirements for the AGCM are previously shown within this chapter.

e. Disapproval and disqualification processing for award of the AGCM are shown in this chapter and must be strictly adhered to, to protect the best interests of the soldier and the Army alike.

The ARCAM is authorized for award to Army personnel including ARNG or USAR troop program unit service, for example, a soldier serves 1 year and 6 months required (Good Conduct Medal eligibility starts on the effective date of the AGR order). Soldiers with less than 2 years will not receive an award. Service lost may be recovered if the soldier is separated honorably from the AGR program and reverts to troop program unit service, for example, a soldier serves 1 year and 6 months of qualifying service and is ordered to an AGR tour. This service is not sufficient for award of the ARCAM. When the soldier leaves the AGR program that 1 year and 6 months is granted towards the next award of the ARCAM. Only the State adjutant general may determine that the AGR service was not sufficiently honorable to revoke the previously earned time, regardless of the type of separation given.

(4) The member must have exhibited honest and faithful service as is in accordance with the standards of conduct, courage and duty required by law and customs of the service, of a member of the same grade as the individual to whom the standard is being applied.

(5) A member must be recommended for the award by his or her unit commander whose recommendation is based on personal knowledge of the individual and the individual’s official records of periods of service under prior commanders during the period for which the award is made.
(6) A commander may not delay award or extend the qualifying period for misconduct. A determination that service is not honorable as prescribed negates the entire period of the award.

4–19. Unqualified service
a. Service performed in the Reserve Components of the U.S. Air Force, Navy, Marine Corps, or Coast Guard may not be credited for award of the ARCAM.

b. Release from Army Reserve Component status for entry into service as a cadet or midshipman at any U.S. service academy or discharge from Army Reserve Component for immediate entry in the Regular Army, in an officer or enlisted status, is considered termination of service for the purpose of qualifying for the ARCAM.

c. Service while in an enlisted AGR status may not be credited for award of the ARCAM.

4–20. Subsequent awards and Oak Leaf Clusters
Second and succeeding awards of the ARCAM are denoted by Oak Leaf Clusters.

Section IV
Task: Process Award of the Army Reserve Components Achievement Medal

4–21. Rules for processing the Army Reserve Components Achievement Medal
a. Management of the ARCAM is a partially automation assisted program.

b. The Standard Installation/Division Personnel System-Reserve Components (SIDPERS–RC) at ARPERCEN generates a monthly suspense roster of potential USAR eligibles based on the anniversary date of qualifying years of service.

c. Periodic record screens and personnel audits may also be used to identify soldiers who are potentially eligible for award of the ARCAM.

d. Eligibility criteria for the ARCAM are previously shown within this chapter.

e. Soldiers will be promptly notified, with reasons therefore, whenever they are disapproved for award of an ARCAM.

f. New beginning dates for qualifying service will be expeditiously put into the SIDPERS–RC database whenever there are changes, that is, recent award, disqualification, break in qualifying service.

g. Award of the ARCAM to ARNG soldiers will be governed by the criteria established for the decoration, and the processing will follow the general rules listed above.

h. Specific detailed step-by-step procedures for award of the ARCAM to ARNG unit soldiers will be governed and established by the separate State and Territorial Adjutants General, and the Commanding General, District of Columbia Army National Guard.

Chapter 5
Service Medals and Service Ribbons

Section I
Overview

5–1. Intent

Service (campaign) medals and service ribbons denote honorable performance of military duty within specified limited dates in specified geographical areas. With the exception of the Medal of Humane Action, the Armed Forces Reserve Medal, the NCO Professional Development Ribbon, the Army Service Ribbon, and the Army Reserve Components Overseas Training Ribbon, they are awarded only for active Federal military service. Orders are not published for service medals, but they are annotated on records by the personnel officer. Award of U.S. Service Medals (Sec II) does not preclude
award of Foreign and International Service Medals (Sec II, chap 9.) Refer to chapter 2 for DOD service medals and service ribbons.

5–2. Service medals and ribbons awarded by other U.S. Services

Service medals and ribbons awarded by other U.S. Services may be worn on the Army uniform except the Air Force Longevity Service Award Ribbon and Air Force and Navy Marksmanship ribbons. Service and training ribbons awarded by other U.S. Services will be worn after U.S. Army service and training ribbons and before foreign awards.

Section II

U.S. Service Medals and Ribbons Available for Issue

5–3. Army Reserve Components Overseas Training Ribbon

a. The Army Reserve Components Overseas Training Ribbon (ARCOTR) was established by the Secretary of the Army on 11 July 1984. It is awarded to members of the Reserve Components of the Army, (Army National Guard and U.S. Army Reserve), for successful completion of annual training (AT) or active duty for training (ADT) for a period not less than 10 consecutive duty days on foreign soil. ARNG and USAR soldiers who accompany the RC unit (including unit cells) to which they are assigned or attached as full–time unit support (FTUS) during overseas training are also eligible for the award.

b. Effective 11 July 1984, all members of the ARNG and USAR are eligible for this award if they were active Reserve status members of the Army National Guard, U.S. Army Reserve (not on active duty in the Active Army), or AGR FTUS soldiers at the time their unit underwent AT or ADT on foreign soil.

c. AGR personnel, not assigned to a TPU, are also eligible for award of the ARCOTR provided they are ordered overseas specifically as advance party to, simultaneously with, or in support of mop–up operations of RC units training overseas. Ten consecutive days overseas must be met. Other AGR members overseas for any other reason are not eligible for the ARCOTR.

d. The ARCOTR may be awarded retroactively to those personnel who successfully completed AT or ADT on foreign soil in a Reserve status prior to 11 July 1984 they have an active status as defined above on or after 11 July 1984.

e. Soldiers must be credited with completion of at least 10 consecutive duty days outside the 50 States, the District of Columbia and U.S. possessions and territories in the performance of duties in conjunction with Active Army, joint services, or Allied Forces. The day of departure counts; the day of return does not.

f. The ARCOTR is a training ribbon which does not conflict with service medals or decorations.

g. Numerals will be used to denote second and subsequent awards of the ARCOTR. (See chap 6.)

5–4. Overseas Service Ribbon

a. The Overseas Service Ribbon (OSR) was established by the Secretary of the Army on 10 April 1981. It is awarded to members of the U.S. Army for successful completion of overseas tours.

b. Effective 1 August 1981, all members of the Active Army, Army National Guard and Army Reserve in an active Reserve status are eligible for this award. The ribbon may be awarded retroactively to those personnel who completed the required training before 1 August 1981 provided they had an active Army status as defined above on or after 1 August 1981.

c. Officers will be awarded this ribbon upon successful completion of their basic/orientation or higher level course. For those officer personnel assigned a specialty, special skill identifier, or MOS based on civilian or other service acquired skills, this ribbon will be awarded upon honorable completion of 4 months active service.

d. Enlisted soldiers will be awarded this ribbon upon successful completion of their initial MOS producing course. For those enlisted soldiers assigned a MOS based on civilian or other service acquired skills, this ribbon will be awarded on honorable completion of 4 months active service.

e. Only one award of the ASR is authorized, regardless of whether a soldier completes both officer and enlisted initial entry training.

f. For first award only, an individual may be posthumously awarded (on or after 1 Aug 81) the Army Service Ribbon before completion of the requisite training or time in service, provided the soldier’s death is ruled “Line of duty–Yes.”

5–5. Army Service Ribbon

a. The Army Service Ribbon (ASR) was established by the Secretary of the Army on 10 April 1981. It is awarded to members of the U.S. Army for successful completion of initial entry training.

b. Effective 1 August 1981, all members of the Active Army, Army National Guard, and U.S. Army Reserve in an active Reserve status are eligible for this award. The ribbon may be awarded retroactively to those personnel who completed the required training before 1 August 1981 provided they had an Active Army status as defined above on or after 1 August 1981.

c. Officers will be awarded this ribbon upon successful completion of their basic/orientation or higher level course. For those officer personnel assigned a specialty, special skill identifier, or MOS based on civilian or other service acquired skills, this ribbon will be awarded upon honorable completion of 4 months active service.

d. Enlisted soldiers will be awarded this ribbon upon successful completion of their initial MOS producing course. For those enlisted soldiers assigned a MOS based on civilian or other service acquired skills, this ribbon will be awarded on honorable completion of 4 months active service.

e. Only one award of the ASR is authorized, regardless of whether a soldier completes both officer and enlisted initial entry training.

f. For first award only, an individual may be posthumously awarded (on or after 1 Aug 81) the Army Service Ribbon prior to completion of the requisite training or time in service, provided the soldier’s death is ruled “Line of duty–Yes.”

5–6. Noncommissioned Officer Professional Development Ribbon

a. Criteria. The NCO Professional Development Ribbon (NPDR) was established by the Secretary of the Army on 10 April 1981. It is awarded to members of Active Army, ARNG, and USAR soldiers for successful completion of designated NCO professional development courses.

b. Description. The NPDR consist of the basic ribbon with numerical devices of 2, 3, or 4 which signify satisfactory completion of the respective levels of NCO professional development courses.

c. Policy.

(1) A change approved in February 1989 completely revamped the wear policy of numerals on ribbons and award suspension elements. Also, simultaneously TRADOC announced that the First Sergeant Course is not a recognized element of the NCO Professional Development Training System. Because of the impact of these two far–reaching policy changes, no grandfathering is allowed for Active Army or Reserve Component soldiers concerning the wear of numerals on the NPDR. Only the numerals 2, 3, and 4 are authorized for wear on the ribbon.

(2) Numerals used in conjunction with this service ribbon are the same type as those used for subsequent awards of the Air Medal.

(3) Once a service member has been awarded the NPDR upon graduation from Primary Leadership Development Course (PLDC) or Primary Leadership Development Course–Reserve Component, subsequent appropriate numerals will be awarded to identify completion of higher level Noncommissioned Officers Education System (NCOES) or Reserve Component–NCOES courses.

(4) Senior NCOs selected by the U.S. Army Sergeants Major Academy (USASMA) who complete equivalent resident courses
conducted by the other Services will wear the NPDR with numeral 4.

(5) Soldiers who have been authorized by their local commanders to attend local NCO courses or training conducted by the other Services and who qualify for or are awarded another Service’s training ribbon will not wear the other Service’s ribbons on the Army uniform.

(6) Soldiers who have attended NCO development courses, other than Senior Level, conducted by another Service while in the Army will not be granted Army course equivalency recognition.

(7) Soldiers must successfully complete one or more of the courses listed in c(9) below which are further described in AR 351–1, chapter 6. Graduates of NCO Academy courses conducted prior to 1976 for the Active Army, and 1980 for Reserve Components, will be given credit for the Primary Level only.

(8) Acceptable evidence of graduation is a diploma, certificate, or a letter signed by an appropriate service school official.

(9) Effective 30 March 1989, a service member will be awarded the NCO Professional Development Ribbon with the numeral which identifies the highest level of NCOES or RC–NCOES successfully completed as follows—Bar Ribbon Device=Primary Level; 2=Basic Level; 3=Advanced Level; and 4=Senior Level.

d. Requirements for award. Effective 1 August 1981, all Active Army, Army National Guard and Army Reserve soldiers in an active status are eligible for this award for satisfactory completion of respective NCOES or RC–NCOES courses as follows:

(1) Primary level—Primary NCO Course, Combat Arms (PNCOC), Primary Leadership Course (PLC), Primary Technical Courses (Service School—PTC), and Primary Leadership Development Course (PLDC) for award of the basic ribbon.

(2) Basic level—Basic NCO Course, Combat Arms (BNCOC), Basic Technical Courses (Service School—BTC), and Basic NCO Course (CS/SS–BNCOC) for award of numeral 2.

(3) Advanced level—Advanced NCO Courses (Service School—ANCOC) for award of numeral 3.

(4) Senior level—U.S. Army Sergeants Major Academy (USASMA) for award of numeral 4. (See para c(4) above.)

e. Special instructions. Special instructions for ARNG and USAR are as follows:

(1) Primary Level—Primary NCO Course, Combat Arms–Reserve Components (PNCOC–RC), and effective 1 October 1985 Primary Leadership Development Course–Reserve Components (PLDC–RC).

(2) Basic Level—Basic NCO Course–Reserve Components (CS/CSS BNCO–RC) through 30 September 1985 (PNCOC–RC and BNCO–RC combined for CA/CS/CSS). Effective 1 October 1987 Basic NCO Course/Reserve Components (CA, CS, CSS) as developed and implemented.

5–7. Armed Forces Reserve Medal

a. The Armed Forces Reserve Medal (AFRM) was established by Executive Order 10163, as announced in Department of the Army Bulletin 15, 1950, and was amended by Executive Order 10439, announced in Department of the Army Bulletin 3, 1953. The reverse of this medal is struck in two designs for award to personnel whose Reserve Component service has been primarily in the organized Reserve or primarily in the National Guard. The first design portrays the Minute Man from the Organized Reserve Crest; the other design portrays the National Guard insignia.

b. The AFRM is awarded for honorable and satisfactory service as a member or former member of one or more of the Reserve Components of the Armed Forces of the United States, including the Coast Guard Reserve and the Marine Corps Reserve, for a period of 10 years under the following conditions:

(1) Such years of service must have been performed within a period of 12 consecutive years.

(2) Each year of active or inactive status honorable service prior to 1 July 1949 in any Reserve Component listed in AR 135–180, will be credited toward award. For service performed on or after 1 July 1949, a member must accumulate, during each anniversary year, a minimum of 50 retirement points as prescribed in AR 135–180.

(3) Service in a regular component of the Armed Forces, including the Coast Guard, is awarded only except that service in a Reserve Component which is concurrent in whole or in part with service in a regular component will be included. (Example: regular component enlisted soldier with a Reserve commission.)

(4) Any period during which Reserve service is interrupted by one or more of the following will be excluded in computing, but will not be considered as a break in the period of 12 years:

(a) Service in a regular component of the Armed Forces.

(b) During tenure of office by a State official chosen by the voters of the entire State, territory, or possession.

The arrowhead is a bronze replica of an Indian arrowhead 1/4-inch high. It denotes participation in a combat parachute jump, helicopter assault landing, combat glider landing, or amphibious assault landing, while assigned or attached as a member of an organized force carrying out an assigned tactical mission. A soldier must actually exit the aircraft or watercraft, as appropriate, to receive assault credit. Individual assault credit is tied directly to the combat assault credit decision (para 7–25) for the unit to which the soldier is attached or assigned at the time of the assault. Should a unit be denied assault credit, no assault credit will accrue to the individual soldiers of that unit. It is worn on the service and suspension ribbons of the Asiatic-Pacific Campaign, European- African-Middle Eastern Campaign, Korean Service Medal, Vietnam Service Medal and Armed Forces Expeditionary Medal. Only one arrowhead will be worn on any ribbon.

6–9. Ten-Year Device

6–10. Berlin Airlift Device

A gold colored metal miniature of a C-54 type aircraft of 3/8-inch wingspan, other dimensions proportionate. It is worn on the service and suspension ribbons of the Army of Occupation Medal. (See para 5–10.)

6–11. Army Astronaut Device

A gold colored device, 7/16-inches in length, consisting of a star emitting three contrails encircled by an elliptical orbit. It is awarded by the Chief of Staff, Army, to personnel who complete a minimum of one operational mission in space (50 miles above earth) and is affixed to the appropriate Army Aviator Badge, Flight Surgeon Badge, or Aircraft Crewman Badge awarded to the astronaut. Individuals who have not been awarded one of the badges listed above but who meet the other astronaut criteria will be awarded the basic Aircraft Crewman Badge with Army Astronaut Device.

7–13. Presidential Unit Citation (Army)

a. Criteria. Effective 3 November 1966, the Distinguished Unit Citation was redesignated the Presidential Unit Citation (Army). The Presidential Unit Citation (PUC) is awarded to units of the Armed Forces of the United States and cobelligerent nations for extraordinary heroism in action against an armed enemy occurring on or after 7 December 1941. The unit must display such gallantry, determination, and esprit de corps in accomplishing its mission under extremely difficult and hazardous conditions as to set it apart from and above other units participating in the same campaign. The degree of heroism required is the same as that which would warrant award of a Distinguished Service Cross to an individual. Extended periods of combat duty or participation in a large number of operational missions, either ground or air is not sufficient. This award will normally be earned by units which have participated in single or successive actions covering relatively brief time spans. It is not reasonable to presume that entire units can sustain Distinguished Service Cross performance for extended periods except under the most unusual circumstances. Only on rare occasions will a unit larger than a battalion qualify for award of this decoration.

b. Processing of recommendations.
   (1) Recommendations. Recommendations for award of the PUC to Army units will be processed through normal military command channels to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471. Recommendation will be initiated by a senior or parent headquarters to the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:
      (a) Operational orders and reports.
      (b) Maps showing the terrain and the dispositions and actions of the opposing forces.
      (c) Casualties sustained on both sides.
      (d) A list of all units, assigned and attached, actually present and participating in the action.
      (e) Any other pertinent material.
      (f) A proposed citation, naming all participating units.
      (2) Time limits. Each recommendation for the PUC unit award
must be formally entered into official channels within 2 years from the date of the heroism or services performed.

(3) Channels for submission. Recommendations for award of a unit decoration to a unit of the Armed Forces of the United States or a cobelligerent nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers services, all or a portion of which were performed while the unit was operating under a joint commander, comments or recommendation concerning the valorous actions of that unit will be obtained from the joint commander concerned.

(4) Intermediate level disapprovals. Intermediate level commanders will recommend approval or disapproval for each recommendation and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

c. Awarding authorities. Approval authority for award of the PUC is vested solely with the President of the United States unless further delegated by him.

d. Award elements. The award elements for the PUC (Army) are as follows:

(1) PUC Streamer (Army).
(2) Presidential Unit Emblem (Army).
(3) Certificate.
(4) Department of the Army General Order.

7–14. Valorous Unit Award

a. Criteria. The Valorous Unit Award (VUA) may be awarded to units of the Armed Forces of the United States for extraordinary heroism in action against an armed enemy of the United States while engaged in military operations involving conflict with an opposing foreign force or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party for actions occurring on or after 3 August 1963.

b. Requirements. The VUA requires a lesser degree of gallantry, determination, and esprit de corps than that required for the Presidential Unit Citation. Nevertheless, the unit must have performed with marked distinction under difficult and hazardous conditions in accomplishing its mission so as to set it apart from and above other units participating in the same conflict. The degree of heroism required is the same as that which would warrant award of the Silver Star to an individual. Extended periods of combat duty or participation in a large number of operational missions, either ground or air, is not sufficient.

c. Unit eligibility. This award will normally be earned by units which have participated in single or successive actions covering relatively brief timespans. It is not reasonable to presume that entire units can sustain Silver Star performance for extended periods except under the most unusual circumstances. Only on rare occasions will a unit larger than a battalion qualify for this award.

d. Submission of recommendations. Recommendations for award of the VUA will be submitted as follows:

(1) Supporting documents. Recommendations will be initiated by a senior or parent headquarters to the unit recommended for the award. Each recommendation will be submitted as promptly as practicable, supported by the following data:

(a) Operational orders and reports.
(b) Maps showing the terrain and the dispositions and actions of the opposing forces.
(c) Casualties sustained on both sides.
(d) A list of all units, assigned and attached, actually present and participating in the action.
(e) Any other pertinent material.
(f) A proposed citation, naming all participating units.
(2) Time limits. Each recommendation for the VUA must be formally entered into official channels within 2 years from the date of the heroism or services performed.
(3) Channels for submission. Recommendations for award of a unit decoration to a unit of the Armed Forces of the United States or a cobelligerent nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers services, all or a portion of which were performed while the unit was operating under a joint commander, comments or recommendation concerning the valorous actions of that unit will be obtained from the joint commander concerned.

(4) Intermediate level disapprovals. Intermediate level commanders will recommend approval or disapproval for each recommendation and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

e. Awarding authorities. During the period of military operations against an armed enemy and for 1 year thereafter, commanding generals of armies and higher units or the senior Army commander of a separate force are authorized to award the VUA to brigades, battalions, and smaller or comparable units under their command, except that recommendations for headquarters and headquarters companies of divisions and higher or comparable units must be forwarded to Commander, PERSCOM, ATTN: TACP–PDA, Alexandria, VA 22332–0471, for final action. This authority may be delegated to major general level commanders upon approval of the Secretary of the Army.

f. Award elements. The award elements for the VUA are as follows:

(1) VUA Streamer.
(2) VUA Emblem.
(3) Certificate.
(4) Department of the Army General Orders.

7–15. Meritorious Unit Commendation (Army)

a. Criteria.

(1) The Meritorious Unit Commendation (MUC) (Army) (previously called the Meritorious Service Unit Plaque) is awarded to units for exceptionally meritorious conduct in the performance of outstanding services for at least 6 continuous months during the period of military operations against an armed enemy occurring on or after 1 January 1944. Service in a combat zone is not required, but must be directly related to the combat effort. Units based in the continental United States are excluded from this award as are other units outside the area of operation. The unit must display such outstanding devotion and superior performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The degree of achievement required is the same as that which would warrant award of the Legion of Merit to an individual. Only in rare cases will a unit larger than a battalion qualify for award of this decoration. For services performed during World War II, awards will be made only to service units and only for services performed between 1 January 1944 and 15 September 1946.

(2) Effective 1 March 1961, the MUC was authorized for units and/or detachments of the Armed Forces of the United States for exceptionally meritorious conduct in performance of outstanding services for at least 6 continuous months in support of military operations. Service(s), as used in this paragraph, is interpreted to relate to combat service support type activities and not to the type of activities performed by senior headquarters, combat, or combat support units.

b. Recommendations. Recommendations for the MUC (Army) will be processed as follows:

(1) Recommendations. Recommendations will be initiated by a senior or parent headquarters to the unit recommended and will be submitted as promptly as practicable, supported by the following data:

(a) List of tasks performed during the period.
(b) Record of absence without leave.
(c) Convictions by court-martial.
(d) Punishments under Article 15, Uniform Code of Military Justice.
(e) Any other pertinent information.
(f) A proposed citation.
(2) Time limits. Each recommendation for the MUC (Army) must be formally entered into official channels within 2 years from the date of the heroism or services performed.
(3) Channels for submission. Recommendations for award of the MUC (Army) to a unit of the Armed Forces of the United States or an cobraffiliated nation serving in a joint command will be submitted through command channels to the commander or military department having authority to make the award. When a recommendation covers services, all or a portion of which were performed while the unit was operating under a joint commander, comments or recommend-ation concerning the valorous actions of that unit will be ob-tained from the joint commander concerned.

(4) Intermediate level recommendations. Intermediate level commanders will recommend approval or disapproval for each recommenda-tion and forward it to the next higher headquarters. If disapproval is recommended, the reasons for disapproval will be cited.

c. Awarding authorities. During the period of military operations against an armed enemy and for 1 year thereafter, commanding generals of armies and higher units are authorized to award MUC to brigades, battalions, and smaller or comparable units under their command. This authority will not be further delegated. HQ, PERSCOM will take final action on all other cases. Unless other-wise delegated, authority to make this award to units recommended subsequent to 1 March 1961 will be retained at HQ, PERSCOM.

d. Award elements. The award elements for the MUC are as follows:

(1) MUC Streamer.
(2) MUC Emblem.
(3) Certificate.
(4) Department of the Army General Orders.

7–16. Army Superior Unit Award

a. Criteria. The Army Superior Unit Award (AUSA) was created in 1985 to recognize outstanding meritorious performance of a unit during peacetime of a difficult and challenging mission under extraordinary circumstances. Circumstances may be deemed to be extra-ordinary when they do not represent the typical day-to-day circumstances under which the unit normally performs, or may reason-ably be expected to perform, its peacetime mission. The follow-ing additional criteria also applies:

(1) The unit must display such outstanding devotion and superior performance of exceptionally difficult tasks as to set the unit apart from and above other units with similar missions. For the purpose of this award, peacetime is defined as any period during which war-time or combat awards are not authorized in the geographical area in which the mission was executed. The award will not be given for operations of a purely humanitarian nature. The AUSA will not be awarded if the same act or period of service has already been recognized by another unit award.

(2) The award applies to both TO&E units and TDA organiza-tions of battalion size or equivalent. TDA organizations may be considered for this award, even if comprised mostly of civilians. As an exception to policy, organizations larger than battalion equivalent size may also be submitted, but the submitting headquarters must take care to highlight the logic associated with the request to justify an exception to policy.

b. Processing of awards. Recommendations for award of the AUSA will be processed as follows:

(1) Submission of recommendation. Recommendations will be ini-tiated by a higher level headquarters in memorandum format and forwarded through command channels to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471, unless it has been earlier disapproved by a general officer in the chain of com-mand. Recommendations will be supported by the following:

(a) Detailed unit mission statement.
(b) Narrative outlining the period and basis for the award.
(c) Record of absence without leave.
(d) Convictions by court-martial.
(e) Punishments under Article 15, Uniform Code of Military Justice.
(f) A proposed citation.
(2) Time limits. Each recommendation must be formally entered into military channels within 2 years from the completion of the mission or services.

(3) Unit eligibility. Battalion and smaller comparable units organized under TOE and similar type units organized under tables of distribution and allowances (TDA). Under most circumstances, headquarters type units would not be eligible for the award. Award to units larger than battalion size would not be eligible for the award. Award to units larger than battalion size would be infrequent.

(4) Disapproval authority. Any general officer in the chain of command may disapprove a AUSA recommendation.

c. Approval authority. The approval authority for the AUSA is HQ, PERSCOM (TAPC–PDA).

d. Award elements. The award elements for the AUSA are as follows:

(1) AUSA Emblem.
(2) Certificate.
(3) Citation.
(4) Streamer.
(5) Department of the Army General Orders.
(6) Army Superior Unit Award Lapel Pin. The lapel pin is au-thorized for issue and wear by Department of the Army civilians in the employ of the decorated unit. Those individuals employed with the unit during the cited period may wear the lapel pin permanently. Those currently employed with a decorated unit, but who were not employed during the cited period may wear the lapel pin on a temporary basis as long as they remain employed by the unit. The lapel pin is also authorized for optional purchase and wear on civilian clothing by qualified military personnel. Permanent and temporary wear is governed by the provisions of AR 670–1.

7–17. Other Unit Recognition

Units performing an act of heroism or meritorious service which does not warrant award of the PUC (Army), VUA, MUC (Army), or ASUA may be commended in permanent orders of echelons subor-dinate to Headquarters, Department the Army. Such commendation does not entitle the unit to a streamer nor its members to wear an emblem. Section IV Campaign Credit, Streamers, and Other Unit Award Devices

Section IV
Campaign credit, streamers, and other Unit Award Devices

7–18. Establishing campaign participation credit

a. Units. Army units will be deemed to have participated in combat if they actually engaged the enemy in combat, if they were stationed in a designated combat zone, or if they performed duties either in the air or on the ground in any part of the combat zone at any time during the designated period of the respective battle, campaign, or expedition.

b. Granting campaign participation. During the period of mili-tary operations against an armed enemy and for 1 year thereafter, the senior Army commander in the theater of operations is author-ized to grant campaign participation credit for named campaigns to units under his or her command. This authority may not be further delegated. Campaign participation credit will be published in perma-nent orders of the awarding commander, and will be confirmed in Department of the Army General Orders.

c. Rules. In the absence of an order by the senior Army theater commander, the following additional rules apply:

(1) An organization will be granted campaign participation credit if unit movement orders are furnished as evidence of its participa-tion in the campaign.

(2) An organization will be granted campaign participation credit if evidence is furnished that 65 percent or more of its MTOE strength participated in the campaign.

(3) In the absence of unit movement orders, and/or evidence of 65 percent of its modification table of organization and equipment (MTOE) strength having participated, an organization will not be granted campaign participation credit. However, those unit members
who did participate in a campaign will be entitled to individual campaign participation credit.

d. Combat zone and time limitations. The boundaries of the combat zone and time limitations of each campaign in World Wars I and II, the Korean War, and the operations in Grenada, Panama, South-west Asia, and Dominican Republic have been announced in DA General Orders. The Chief of Military History determines the campaign participation credit for all wars prior to World War I and for the Vietnam Conflict.

e. Confederate service recognition. (Act of 9 March 1945 [C. 104, PL 80–437; 62 Stat. 71].) As an exception to the requirement of "active Federal military service," campaign streamers, war service streamers, or campaign silver bands will be awarded for active Confederate military service. On the silver band, Confederate service will be designated by the inscription, "Civil War-Confederate" and the same inscription authorized for the corresponding campaign streamer. The streamer ribbon colors will be reversed to indicate confederate service.

f. Established campaigns. A complete list of established campaigns are in appendix B.

7–21. Campaign streamers

Campaign streamers are awarded for active Federal military service to units or organizations which are authorized an organizational color or distinguishing flag to recognize receipt of campaign participation credit. They will be awarded ceremoniously in recognition of campaign participation credit. (See FM 22–5.)

7–20. War service streamers

A war service streamer is awarded to a unit authorized a color or distinguishing flag to recognize active Federal military service in a theater or area of operations only when the unit is not authorized a streamer for service in the same theater or area of operations during the same war or conflict. In every case a war service streamer will be without inscription.

7–21. Combat Infantry Streamer

a. Criteria. When 65 percent or more of the TOE strength of a separate infantry or ranger platoon, infantry or ranger company, battalion or brigade has been awarded the Combat Infantryman Badge (CIB) during military operations against an opposing foreign force in war, or in any military action where the CIB is authorized, the unit will be awarded a Combat Infantry Streamer. The streamer is authorized to be awarded a unit for each separate war or military operation in which the requirements prescribed herein have been met. Each additional award will be represented by a star embroidered on the streamer. (See para 8–6 for criteria for award of the CIB.)

b. Special forces units. Effective 20 December 1989, special forces units meeting the criteria above, are eligible for award of the Combat Infantry Streamer. This policy is not retroactive.

c. Awarding authority. During the period of military operations against an armed enemy and for 1 year thereafter, commanders of armies, corps, divisions, or separate brigades are authorized to award the Combat Medical Streamer to medical units under their command. This authority may not be further delegated.

7–22. Combat Medical Streamer

a. Criteria. When 65 percent or more of the TOE strength of a medical unit authorized a color, distinguishing flag, or guidon has been awarded the Combat Medical Badge (CMB) during military operations in war or in any military action where the CMB is authorized, the unit will be awarded the Combat Medical Streamer. (See para 8–7 for criteria for award of the CMB.)

b. Awarding authority. During a period of military operations against an armed enemy and for one year thereafter, commanders of armies, corps, divisions, or separate brigades are authorized to award the Combat Medical Streamer to medical units under their command. This authority may not be further delegated.

7–23. Campaign silver bands

a. Criteria. A campaign silver band is awarded for active Federal military service to a unit (company) authorized a guidon to recognize campaign participation credit. A campaign silver band is not authorized if the unit is an organic element of a separate battalion, brigade, regiment, or larger unit which is authorized a streamer for the same campaign according to paragraph 7–19. Army organizational lineage and the accrual and passage of honors and decorations are contained in AR 870–5. See section VI for processing instructions.

b. Description. A silver band 3/4-inch wide engraved with the name of the war and the same inscription authorized for the corresponding campaign streamer in letters 1/4-inch high. Silver bands are placed on the guidon staff 1/4-inch apart and secured in place by means of a metal brad or screw.

c. Confirmation. Prior to award and presentation of campaign silver bands to respective units, announcement of the units’ campaign participation must be confirmed in HQDA General Orders.

7–24. War service silver bands

a. Award. A war service silver band is awarded for active Federal military service to a unit authorized a guidon to recognize war service credit only when the unit is not authorized a silver band for a named campaign for service in the same theater or area of operations during the same war or conflict. A war service silver band is not authorized if the unit is an organic element of a separate battalion, brigade, regiment, or larger unit which is authorized a war service streamer for the same service according to paragraph 7–20. See section VI for processing instructions.

b. Description. A silver band 3/4-inch wide engraved with the name of the war in letters 1/4-inch high. The band will contain no campaign inscription. Silver bands are placed on the pike or lance 1/4-inch apart and secured in place by means of a metal brad or screw.

c. Confirmation. Prior to award and presentation of silver war service streamers to respective units, announcement of the units’ war service must be confirmed in HQDA General Orders.

7–25. Assault landing credit—Arrowhead device

a. Assault landing credit (award of the bronze arrowhead) may be made to units of the Army who, in the combat zone of a battle, campaign, or expedition as established by Joint Chiefs of Staff or DA, accomplishes one of the following types of assault operations:

(1) Makes a parachute jump into enemy-held territory as a part of an organized force carrying out an assigned tactical mission.

(2) Participates in the assault waves of an amphibious landing on enemy-held territory.

(3) Makes a helicopter assault landing into enemy-held territory as a part of an organizational force carrying out an assigned tactical mission.

b. The assault operation will be of such scope as to warrant DA designation as a battle or campaign and be of such magnitude as to include tactical elements of at least one other Service. The forces committed should be spearheading a major assault into enemy controlled territory. The operation will be such that the committed forces will ultimately control the area in which they have landed and not rely on immediate link-up with other forces or extrication after a hit-and-run type of mission. Day-to-day combat assault type missions in an already established combat zone do not qualify for award of the arrowhead device. For the individual soldier to receive award of the arrowhead, the soldier must physically exit the aircraft or watercraft during the assault landing.

c. Senior Army commanders, serving in the rank of LTG or higher, in the theater of operations may approve combat assault landing credit for the purpose of qualifying for the arrowhead device. This authority may not be further delegated. Not later than 60
Section V
Display and Presentation of Unit Honors

7–29. Display of unit honors

a. A unit authorized a distinguishing flag or organizational color will commemorate each award of a unit decoration, campaign participation credit, or war service credit by display of a streamer and, when applicable, a fourragere or lanyard on the flagstaff.

b. A TOE unit authorized a guidon will commemorate awards as follows:

(1) Each unit decoration by display of a streamer and, when applicable, a fourragere or lanyard on the guidon staff.

(2) Each campaign participation credit by display of a silver band on the guidon staff. Each silver band will be engraved with the name of the war and the name of the campaign.

(3) Each war service credit by display of a silver band on the guidon staff. Each silver band will be engraved with the name of the war, but will not contain a campaign inscription.

c. TDA units are authorized to display earned streamers or silver bands.

d. A unit or element which is not authorized a distinguishing flag, color, or guidon will not be awarded a streamer, even though the unit meets all other requirements. (For example, in a rifleplatoon of an Infantry Company, Infantry Battalion, more than 65 percent of the members may be holders of the Combat Infantryman Badge; award of a streamer is not authorized.)

e. Streamers, unit decorations, and silver bands awarded according to this regulation will be attached to the pike, lance or staff and are a component part of organizational colors, distinguishing flags, and/or guidons. Streamers, unit decorations, medals, silver bands, or other devices not authorized by this regulation, or by special DA authorization, will not be attached to the pike or lance placed on colors, distinguishing flags, and/or guidons issued or authorized by HQDA.

f. Streamers will be attached immediately below the spearhead. Unit decorations (medal) will be attached to the corresponding streamer near the spearhead during ceremonial purposes only. The French and Belgian Fourrageres and Netherlands Orange Lanyard will be attached to the pike or lance near the spearhead.

g. Silver bands will be placed on the guidon staff.

h. Other details concerning display of unit honors are in AR 840–10.

7–30. Presentation ceremonies

Military reviews and award ceremonies for purpose of attaching streamers and other recognition to the Army Colors will be accomplished in an appropriate ceremony conducted per FM 22–5.

Section II

Combat and Special Skill Badges

8–6. Combat Infantryman Badge

a. History.

(1) The Combat Infantryman Badge (CIB) was established by the War Department on 27 October 1943. Lieutenant General Lesley J. McNair, then the Army Ground Forces commanding general, was instrumental in its creation. He originally recommended that it be called the “fighter badge.” The CIB was designed to enhance morale and the prestige of the “Queen of Battle.” Then Secretary of War Henry Stinson said, “It is high time we recognize in a personal way the skill and heroism of the American infantry.”

(2) Originally, the Regimental Commander was the lowest level at which the CIB could be approved and its award was retroactive to 7 December 1941. There was a separate provision for badge holders to receive a $10 per month pay stipend, which was rescinded in 1948. Several factors led to the creation of the CIB, some of the most prominent factors are as follows:

(a) The need for large numbers of well-trained infantry to bring about a successful conclusion to the war and the already critical shortage of infantrymen.

(b) Of all soldiers, it was recognized that the infantryman continuously operated under the worst conditions and performed a mission which was not assigned to any other soldier or unit.

(c) The infantry, a small portion of the total Armed Forces, was suffering the most casualties while receiving the least public recognition.

(d) General Marshall’s well known affinity for the ground forces soldier and, in particular, the infantryman. All these factors led to the establishment of the CIB, an award which would provide special recognition of the unique role of the Army infantryman, the only soldier whose daily mission is to close with and destroy the enemy and to seize and hold terrain. The badge was intended as an inducement for individuals to join the infantry while serving as a morale booster for infantrymen serving in every theater.

(3) In developing the CIB, the War Department did not dismiss out of hand or ignore the contributions of other branches. Their vital contributions to the overall war effort were certainly noted, but it was decided that other awards and decorations were sufficient to recognize their contributions. From the beginning, Army leaders have taken care to retain the badge for the unique purpose for which it was established and to prevent the adoption of any other badge which would lower its prestige. At the close of World War II, our largest war in which the armor and artillery played key roles in the ground campaigns, a review was conducted of the CIB criteria with consideration being given to creating either additional badges or authorizing the badge to cavalry and armor units. The review noted that any change in policy would detract from the prestige of the badge.

b. Intent.

(1) There are basically three requirements for award of the CIB. The soldier must be an infantryman satisfactorily performing infantry duties, must be assigned to an infantry unit during such time as the unit is engaged in active ground combat, and must actively participate in such ground combat. Campaign or battle credit alone is not sufficient for award of the CIB.

(2) The definition or requirement to be “engaged in active ground combat” has generated much dialogue over the years as to the original intent of the CIB.

(a) The 1943 War Department Circular required infantrymen to demonstrate “satisfactory performance of duty in action against the enemy.” The operative words “in action” connoted actual combat.

(b) A War Department determination in October 1944 specified that “action against the enemy” for purposes of award of the CIB was to be interpreted as “ground combat against enemy ground forces.”

(c) In 1948, the regulation governing badges stipulated that “battle participation credit is not sufficient; the unit must have been in contact with the enemy.” This clearly indicated that an exchange of hostile fire or equivalent personal exposure was the intent of the Army leadership.

(d) In 1963 and 1965 HQDA messages to the senior Army commander in the Southeast Asia theater of operations authorized award of the CIB to otherwise qualified personnel “provided they are personally present and under fire.” U.S. Army Vietnam regulations went so far as to require documentation of the type and intensity of enemy fire encountered by the soldier. The intended requirement to be “personally present and under fire” has not changed.

c. Specific eligibility requirements.

(1) A soldier must be an Infantryman or special forces officer (SSI 11 or 18) in the grade of colonel or below, or an Army enlisted
soldier or warrant officer with an infantry or special forces MOS, who subsequent to 6 December 1941 has satisfactorily performed duty while assigned or attached as a member of an infantry, ranger or special forces unit of brigade, regimental, or smaller size during any period such unit was engaged in active ground combat. Eligibility for special forces personnel (less the special forces medical sergeant) accrues from 20 December 1989. Retroactive awards for special forces personnel are not authorized.

(2) A recipient must be personally present and under hostile fire while serving in an assigned infantry or special forces primary duty, in a unit actively engaged in ground combat with the enemy. The unit in question can be of any size smaller than brigade. For example, personnel possessing an infantry MOS in a rifle squad of a cavalry platoon in a cavalry troop would be eligible for award of the CIB. Battle or campaign participation credit alone is not sufficient; the unit must have been in active ground combat with the enemy during the period.

(3) Personnel with other than an infantry or special forces MOS are not eligible, regardless of the circumstances. The infantry or special forces SSI or MOS does not necessarily have to be the soldier’s primary specialty, as long as the soldier has been properly trained in infantry or special forces tactics, possesses the appropriate skill code, and is serving in that specialty when engaged in active ground combat as described above. Commanders are not authorized to make any exceptions to this policy.

(4) Awards will not be made to general officers nor to members of headquarters companies of units larger in size than brigade.

d. Subsequent awards.

(1) To date, a separate award of the CIB has been authorized for qualified soldiers in any of three conflicts: World War II (7 December 1941 to 3 September 1945), the Korean Conflict (27 June 1950 to 27 July 1953), and the Vietnam Conflict. Service in the Republic of Vietnam conflict (after 1 March 1961) combined with qualifying service in Laos (19 April 1961 to 6 October 1962), the Dominican Republic (28 April 1965 to 1 September 1966), Korea on the DMZ (after 4 January 1969), Grenada (23 October to 21 November 1983), Panama (20 December 1989 to 31 January 1990), and the Persian Gulf War (17 January to 11 April 1991) is recognized by one award only regardless of whether a soldier has served one or multiple tours in any or all of these areas. If a soldier has been awarded the CIB for service in any of the Vietnam era areas, that soldier is not eligible to earn the Combat Medical Badge.

(2) Second and third awards of the CIB are indicated by superimposing 1 and 2 stars respectively, centered at the top of the badge between the points of the oak wreath.

e. Special provisions—Republic of Vietnam.

(1) Any officer whose basic branch is other than infantry who, under appropriate orders, has commanded a line infantry (other than a headquarters unit) unit of brigade, regimental, or smaller size for at least 30 consecutive days is deemed to have been detailed in infantry and is eligible for award of the CIB notwithstanding absence of a written directive detailing that soldier in the infantry, provided all other requirements for the award have been met. Orders directing the officer to assume command will be confirmed in writing at the earliest practicable date.

(2) In addition, any officer, warrant officer, or enlisted man whose branch is other than infantry, who under appropriate orders was assigned to advise a unit listed in (4) and (5) below or was assigned as a member of a White Star Mobile Training Team or a member of MAAG-Laos as indicated in (1) and (2) below will be eligible for award of the CIB provided all other requirements have been met.

(3) After 1 December 1967 for service in the Republic of Vietnam, noncommissioned officers serving as Command Sergeants Major of infantry battalions and brigades for periods of at least 30 consecutive days in a combat zone are eligible for award of the CIB provided all other requirements have been met.

(4) Subsequent to 1 March 1961, a soldier must have been—

(a) Assigned as advisor to an infantry unit, ranger unit, infantry-type unit of the civil guard of regimental or smaller size, and/or infantry-type unit of the self defense corps unit of regimental or smaller size of the Vietnamese government during any period such unit was engaged in actual ground combat.

(b) Assigned as advisor of an irregular force comparable to the above infantry units under similar conditions.

(c) Personally present and under fire while serving in an assigned primary duty as a member of a tactical advisory team while the unit participated in ground combat.

(5) Subsequent to 24 May 1965, to qualify for the CIB, personnel serving in U.S. units must meet the requirements of (c)(1) above. Individuals who performed liaison duties with the Royal Thai Army or the Army of the Republic of Korea combat units in Vietnam are eligible for award of the badge provided they meet all other requirements.

f. Laos. From 19 April 1961 to 6 October 1962, a soldier must have been—

(1) Assigned as member of a White Star Mobile Training Team while the team was attached to or working with a unit of regimental (groupment mobile) or smaller size of Forces Armee du Royaume(FAR), or with irregular type forces of regimental or smaller size.

(2) A member of MAAG-Laos assigned as an advisor to a region or zone of FAR, or while serving with irregular type forces of regimental or smaller size.

(3) Personally under hostile fire while assigned as specified in (1) or (2) above.

g. Dominican Republic. From 28 April 1965 to 21 September 1966, the soldier must have met the criteria prescribed in (c) and (c) above.

h. Korea. Subsequent to 4 January 1969, a soldier must have—

(1) Served in the hostile fire area at least 60 days and been authorized hostile fire pay.

(2) Been assigned to an infantry unit of company or smaller size and must be an infantry officer in the grade of captain or lower. Warrant officers and enlisted men must possess an infantry MOS. In the case of an officer whose basic branch is other than infantry who, under appropriate orders, has commanded an infantry company or smaller size infantry unit for at least 30 days, the award may be made provided all the following requirements are met.

(3) Engaged with the enemy in the hostile fire area or in active ground combat involving an exchange of small arms fire at least 5 times.

(4) Been recommended personally by each commander in the chain of command and approved at division level. If killed or wounded as a direct result of overt enemy action, he must be recommended personally by each commander in the chain of command and approved at division level. In the case of infantrymen killed by enemy action, the requirement for at least 5 engagements ((3) above) and the requirement for the incident to have taken place in the hostile fire area, including the 60-day requirement ((1) above), will be waived. In the case of individuals wounded, even though outside the hostile fire area, the 5 engagements requirement and the 60-day requirement may be waived when it can be clearly established that the wound was a direct result of overt hostile action.

(5) Been eligible for award of the CIB after 4 January 1969, for service in the Republic of Vietnam, as noncommissioned officers serving as Command Sergeants Major of infantry battalions and brigades for periods of at least 30 consecutive days in a combat zone.

i. Grenada (Operation URGENT FURY). From 22 October 1983 to 21 November 1983, the soldier must have met the criteria prescribed in (b) and (c) above.

j. Panama (Operation JUST CAUSE). From 20 December 1989 to 31 January 1990, the soldier must have met the criteria prescribed in (b) and (c) above. Special forces personnel (less the special forces medical sergeant) are eligible for the CIB effective 20 December 1989. Retroactive awards are not authorized.

k. Persian Gulf War (Operation DESERT STORM). From 17 January 1991 to 11 April 1991, the soldier must have met the criteria prescribed in (b) and (c) above. Retroactive awards are not authorized.
1. Who may award.

(1) Current awards. Current awards of the CMB may be awarded by the Commanding General, Eighth U.S. Army, any commander delegated authority by the Secretary of the Army during war time, and the Commanding General, PERSCOM.

(2) Retroactive awards. Retroactive awards of the Combat Infantryman Badge and the Combat Medical Badge may be made to fully qualified individuals. Such awards will not be made except where evidence of injustice is presented. Active duty soldiers will forward their applications through command channels to Commander, PERSCOM, ATTN: TAPC–PDA, Alexandria, VA 22332–0471. Reserve Component soldiers, retirees, and veterans should address their application to Command, ARPERCEN, ATTN: DARP–PAS–EAW, 9700 Page Boulevard, St. Louis, MO 63132–5200.

8–7. Combat Medical Badge

a. History.

(1) Originally established as the Medical Badge, the Combat Medical Badge (CMB) was created by the War Department on 1 March 1945. It could be awarded to officers, warrant officers, and enlisted men of the Medical Department assigned or attached to the medical detachment of infantry regiments, infantry battalions, and elements thereof designated as infantry in tables of organization or tables of organization and equipment. Its evolution stemmed from a requirement to recognize medical aidmen who shared the same hazards and hardships of ground combat on a daily basis with the infantry soldier. Though established almost a year and a half after the CIB, it could be awarded retroactively to 7 December 1941 to fully qualified personnel.

(2) Like the CIB, the Regimental Commander was the lowest level at which the CMB could be approved and it also carried with it a separate provision for enlisted badge holders to receive a $10 per month pay stipend.

(3) The CMB could be awarded to Medical Department personnel assigned or attached to infantry units of Allied Forces when the duties performed were identical with those performed by medical personnel assigned or attached to U.S. Forces.

(4) The CMB could also be awarded to U.S. Navy and U.S. Air Force medical personnel provided they met all the requirements of Army medics.

(5) Effective 20 December 1989, special forces personnel possessing Military Occupational Specialty 18D (Special Operations Medical Sergeant) became qualified for award of the CMB provided they were otherwise qualified.

(6) In 1991, the Chief of Staff, Army authorized a limited expansion of CMB eligibility to include medical personnel assigned or attached to armor and ground cavalry units provided they meet all other qualifying criteria. This expansion was retroactive to 17 January 1991 to cover the period of Operation DESERT STORM.

b. Intent.

(1) The CMB was created as a “companion” badge to the CIB with criteria for its award intended to parallel that of the CIB. It was designed to provide recognition to the field medic who accompanies the infantryman into battle and shares with him the experiences unique to the infantry in combat. There was never any intention to award the CMB to all medical personnel who serve in a combat zone or imminent danger area, that is, a division-level medical company supporting a maneuver brigade.

(2) As with the CIB, the infantry unit to which the medical personnel are assigned or attached must engage the enemy in active ground combat. Since inception, the intent of the Department of the Army regarding this requirement has been that medical personnel must be personally present and under fire in order to be eligible for the awarding of the badge. So stringent was this requirement during the Vietnam era that recommending officials were required to document the place (in six digit coordinates), time, type, and intensity of fire to which the proposed recipient was exposed. This fact naturally precludes the awarding of the badge to those medical personnel who accompany infantry units into a potential engagement area but do not come under enemy fire.

(3) Over the years, there has been some confusion concerning the phrase “...in direct support of an infantry unit...”. The CMB is intended for, and awarded, to those medical personnel who accompany the infantryman into combat. The Army has never approved of deviations from this purpose and its restrictive criteria. During the World War II era, medical support for infantry units in combat was provided by the medical detachments and companies of battalions and regiments. These medical personnel and units were termed direct support. This concept lasted until Vietnam. Today, medical personnel are assigned as organic personnel to infantry companies and are regarded as participants as opposed to being categorized as those providing direct medical support. For example, medical personnel serving in division-level medical companies, ground ambulance and medical clearing companies, mobile-Army surgical hospital (MASH), combat-support hospital (CSH), and field hospitals, and aeromedical evacuation units are not eligible for the CMB.

The sole criteria which qualifies medical personnel for award of the CMB is to be assigned or attached to an infantry unit engaged in active ground combat. Medical personnel other than those medics organic to infantry units may qualify only if they serve as medical personnel accompanying infantrymen. Conceivably, this could occur if an infantry unit lost all its medics and as a temporary or permanent measure medical personnel were attached to an infantry unit, but remained assigned to a hospital or other non-infantry unit.

c. Specific eligibility requirements.

(1) The following medical personnel, assigned or attached by appropriate orders to an infantry unit of brigade, regimental, or smaller size, or to a medical unit of company or smaller size, organic to an infantry unit of brigade or smaller size, during any period the infantry unit is engaged in actual ground combat, are eligible for award of the CMB; provided they are personally present and under fire during such ground combat:

If a soldier has been awarded the CMB for service in any of the Vietnam era area, that soldier is not eligible to earn the Combat Infantryman Badge.

If killed or wounded as a direct result of overt enemy action he must be recommended personally by each commander in the chain of command and approved at division level. In the case of medical personnel killed by enemy action, the requirement for at least five engagements ((2) above) and the requirement for the incident to have taken place in the hostile fire area, including the 60-day requirement ((1) above) will be waived. In the case of individuals wounded, even though outside the hostile fire area, the five engagements requirement and the 60-day requirement may be waived when it can be clearly established that the wound was a direct result of overt hostile action.

this

CERTIFICATE OF APPRECIATION

Many of our citizens, veterans and nonveterans alike, are members of the Army Reserve (the National Guard of the United States). They assume certain obligations to participate in summer field training and other tours of active duty for training, which require their absence from civilian occupations for brief periods.

It is gratifying to note that your firm is wholeheartedly supporting this Reserve program of our Armed Forces, and authorizing military leaves of absence for its employees so that they can participate in such training.

The invaluable contribution you and your organization are making to the defense of our country is greatly appreciated. Your continued interest will assist materially in strengthening the Reserve components of the Army, and thus maintain our national security.

Chapter 11
Trophies and Similar Devices Awarded in Recognition of Accomplishments

11–1. Intent

a. Trophies and similar devices may be presented to military members, units, or Department of the Army agencies for excellence in accomplishments or competitions which clearly contribute to the increased effectiveness or efficiency of the military unit, that is, tank gunnery, weapons competition, and military aerial competition.

b. Intramural and athletic competitions may also be recognized. Implementing instructions for these programs are contained in AR 215–1, chapters 2 and 3 and appendix C and AR 215–2, chapter 6.

11–2. Award Guidelines

a. Contests and events for which trophies are to be presented will be announced officially. They will be conducted within a stated period. All eligible members, units, and agencies will be given an equal chance to compete.

b. Contests and events will be of a continuing nature. However, awards may be made on a one-time basis where the achievement is unique and clearly contributes to increased effectiveness.

c. Trophies and similar devices should be properly displayed.

d. Coordination will be accomplished to prevent one member, unit, or agency from receiving two awards for an achievement when other candidates are equally qualified.

11–3. Items to be awarded

Trophies include but will not be limited to, loving cups, plaques, badges, buttons, and similar objects which represent the type of achievement or contest. Cash prizes or savings bonds are not authorized. Commanders who approve the purchase of the award will set the monetary limits. However, such awards will not exceed the value of $75 for an individual award or $250 for a team award. Exceptions will be specifically approved by the appropriate MACOM or principal HQDA official. Cash prizes awarded under the provisions of AR 672–20 are excluded from the provisions of this regulation.

11–4. Use of appropriated funds

Appropriated funds will be used to purchase the items to be awarded. MACOM commanders, State adjutants general, and principal HQDA officials may authorize their subordinate commanders to use appropriated funds as required.

Chapter 12
Mobilization

12–1. Overview

a. This chapter consolidates mobilization requirements for the Army awards and decorations program into one point of reference, and provides general guidance to all levels involved in processing military awards.

b. Generally during mobilization certain awards are activated to recognize valor, service, or achievement displayed in a combat zone. Other peacetime awards, for example, Meritorious Service Medal and Army Achievement Medal, are rescinded.

AR 600–8–22 • 25 February 1995 69
c. When mobilization and combat conditions erupt, award authority is gradually increased as the length and intensity of conflict increases, and the numbers of soldiers committed escalates.

d. ARNG and USAR troop program units not mobilized will continue to operate under peacetime awards authority and peacetime awards continue to be authorized.

12–2. Mobilization phases

a. Mobilization phases can generally be classified into four broad categories based on the numbers of Army soldiers committed to the operation. The four scenarios are small contingencies (Grenada and Panama), large contingency (Vietnam), partial (Korea) and full mobilization (all out attack worldwide). As the Army transitions from one level of intensity to another, there is a resultant increase in the amount of wartime related military awards workload.

b. Small contingency scenarios, within the military awards arena can normally be absorbed within existing manpower limits. Other levels of combat operations immediately expands the workload associated with military awards at all levels, from the unit commander to the President.

12–3. Mobilization policy

a. Combat and wartime conditions present many more opportunities or events which can lead to award of decorations, service medals, and badges to soldiers and DA civilians. Most of these awards and decorations are inactive until the commencement of hostilities. The immediate requirement by commanders to recognize deserving personnel generates heavy administrative requirements throughout all echelons.

b. To help meet this demand and to expedite recognition of combat deeds, delegation of wartime awards approval authority commences and is delegated to commanders based on level of command.

c. As larger elements or armies are committed, authority to approve higher level awards is granted based on the seniority level of Army commanders.

d. Delegated awards authority will create the requirement for additional reporting of approved awards.

e. Special reporting procedures will be necessary for all Medal of Honor recommendations.

12–4. Systems interface

a. Military awards during mobilization present a relatively minor impact on Army automated systems.

b. On the battlefield, should automation be available, it would be of limited benefit for valor awards, since combat award recommendations are based on unique individual deeds or achievement requiring individual preparation and submission.

c. Computer generated unit lists or alpha rosters will be helpful in processing service medal awards, badges, and so forth. Other automation assistance could be used on an “as available” basis.

12–5. Mobilization planning

a. All MACOM commanders, and all other subordinate level commanders, who have awards clerks, sections, branches, or divisions within their staff, will fully study and become familiar with the awards procedures for each of the four combat scenarios outlined above. Development of military awards contingency plans is required.

b. These military award processing plans will be incorporated into the command’s master mobilization plan.

c. Planning strategy and procedures for military awards should be reviewed and updated annually. Training in all aspects of the program will take place during mobilization training.

d. For planning purposes, past contingencies and experience have documented the need for a five-fold increase in manpower, supplies, equipment, and space; space needs could be reduced if swing shifts are used.

12–6. Mobilization operations

a. This basic regulation governs and provides criteria for processing all awards within the Army’s hierarchy of awards, including combat decorations.

b. As previously stated, wartime awards are dormant until periods of combat.

c. The Army transitions from peacetime to wartime awards procedures are based on the scenario at hand and after obtaining wartime awards delegation authority from the Secretary of the Army.

d. A presupposed delegation of wartime awards approval authority is contained in chapter 3 (table 3–3). This table will be consulted during the planning phase and mobilization training exercises previously recommended.

e. Transitioning to, through, and out of mobilization for military awards purposes is orchestrated by the Secretary of the Army, CSA, DCSPER, and CG, PERSCOM, who disseminates functional instructions and policy changes to field commanders.

f. Prior planning and action is prudent, before and during these transition phases. That is, the commitment of necessary personnel, ordering forms, requisitioning award elements, requisitioning award certificates, preparing within command standard operating procedures, and so forth.

g. After eruption of hostilities, a fully operational awards processing element will be a crucial early requirement.

h. Postmobilization will conversely cause a diminished workload for field commanders. The workload will continue to be heavy at HQDA at this time due to remaining pending high level awards, posthumous cases, foreign award implications, prisoner of war implications, and so forth.

i. The withdrawal of delegated authority will again be in conformance with the level of the seniority of the commanders remaining in the area of operations.

12–7. Further guidance

During combat the following areas within the realm of military awards take on heightened importance and require necessary planning and appropriate manpower.

a. Posthumous awards and interaction with the next of kin.

b. Medal of Honor recommendations and procedures.

c. Review and adjudicate award claims and appeals.

d. Implementing and disseminating awards policy.

e. Management of awards boards at all echelons, consistent with commanders directives.

f. Processing unit awards.

g. Award of U.S. decorations to foreign personnel and foreign awards to U.S. members.

h. Award and decoration abuse; and, false claim inquiries.
